

## Holiday Traffic Toll Reaches Record High

**By THE ASSOCIATED PRESS**  
Motorists traveling the nation's highways on the Memorial Day holiday weekend died in record numbers in automobile accidents. The total traffic deaths had reached 365 today, with an additional 129 drownings and 86 deaths in miscellaneous accidents. The overall total stood at 580, also a new high for a four-day Memorial Day holiday period.

As the highway death toll rose Monday, the National Safety Council revised its death toll prediction upward from 360 to "at least 375."

**Highways Jammed**  
This year's total was 566, including 125 drownings and 82 deaths in various types of accidents.

The number of fatalities on the highways mounted steadily Monday as millions jammed roads on their way home from outings and vacation lands. The National Safety Council, which in a preholiday statement, estimated a traffic toll of 360, revised its prediction Monday to "at least 375."

This year's total accidental deaths compared to 539 last year in which 362 persons were killed in motor mishaps, 93 drowned and 84 lost their lives in miscellaneous accidents.

**Golden Rule Forgotten**  
Commenting on the traffic death rate, Ned H. Dearborn, council president, said:

"This toll is a tragic reminder

## President Says Red China Can Not Be Trusted

**WASHINGTON (AP)** — President Eisenhower said today Communist China has implied that it released four imprisoned American airmen in an effort to relax tensions in the Far East.

But the President told a news conference the situation needs to be watched carefully. He cautioned against what he termed any hit or miss conclusions with respect to the intentions of Red China.

Asked about the prospects for release of other Americans held by the Chinese Communists, Eisenhower replied he had nothing on that at this time.

Eisenhower opened his session with newsmen by noting that the Communists had released the four American fliers early today.

He said the airmen were at the moment en route to Honolulu and that members of their families would be flown to Hawaii to greet them.

When questioned began, a reporter asked whether the President felt that release of the four men indicated the Chinese Communists are sincere about trying to relieve world tension.

Eisenhower replied that messages received by this government imply that is the stated intention of the Reds. Then he added that the whole situation must be watched carefully without any hit or miss conclusions.

## Marches 79 Years

**LEOMINSTER, Mass. (AP)** — For the first time in 79 years, Frederick C. Ames did not march in a Memorial Day parade. Ames, who began marching with his father and kept it up every year, said he didn't "feel up to marching" Monday. He will be 88 next month.

## Weather

Reported by U. S. Weather Bureau

**UPPER MICHIGAN:** Mostly fair, frost likely in extreme east portion, not quite so cool in west and central portions tonight. Wednesday partly cloudy; somewhat warmer after from Lake Michigan; scattered showers likely in extreme west portion early Wednesday.

**ESCANABA AND VICINITY:** Fair and not so cool tonight with low temperature about 48°. Wednesday partly cloudy with high 60° to 65° along the lakeshore to 75° a short distance inland. South to southeast winds 8 to 15 mph tonight, increasing to 15 to 20 mph Wednesday.

**ESCANABA:** 68° 42°

**REPLACING HOBBY?** — Marion B. Folsom, undersecretary of the treasury, is reportedly the choice of President Eisenhower to succeed Oveta Culp Hobby as secretary of health, education and welfare should she resign. Source of the information was not disclosed, and neither the White House or Mrs. Hobby would confirm or deny the statement. (NEA Telephoto)

# Union Asks Pay Plan Vote By 140,000 Ford Workers

## Hoover Report Calls For More Federal Spending

**WASHINGTON (AP)** — The Hoover commission, altering its familiar economy theme, today urged more federal spending, bigger staffs and better pay in research programs, both military and civilian.

The commission in effect scolded Secretary of Welfare Hobby and the Budget Bureau, an arm of the White House, for not seeking funds to carry out 723 approved research projects at the National Institutes of Health in the coming year.

## Weapon Research Urged

And the 12-member commission headed by former President Hoover offered proposals for military reorganization which it said might increase the effectiveness of weapons research by 25 percent in five years.

Even this, it said, "may be too slow . . . to maintain our leadership in weaponry." The commission report continued:

"Pioneering in intercontinental ballistic missiles, the maturing technology of shorter range missiles, the needs for greater effectiveness in continental defense, the opportunities for major improvements in all military electronics . . . for example, combine in presenting the Department of Defense with an increasing volume of research and development opportunities and demands."

"It would be false and dangerous economy to hold the research and development appropriations at a level too low to permit a volume of effort essential to effective programs in areas of opportunity for new and improved weaponry."

**More Funds Needed**  
As for the backlog of 723 research projects approved for work at the National Institutes of Health the commission voiced concern over this "apparent failure of the executive branch" to apprise Congress of the \$7,400,000 needed.

The omission "may indicate a tendency to de-emphasize basic and medical research," the report said, whereas actually such research deserves "greater federal support."

Pointing out such "dramatic results" as the development of the Salk polio vaccine and progress in the fields of cancer, mental diseases.

The Air Force said in Washington that the men would be given a complete physical checkup in Hawaii. Secretary of the Air Force Talbot announced that a special plane would fly their closest relatives to Hawaii for a reunion.

Although newsmen were not permitted to question the four, they said at the airport they were going to be sent home.

The four refused to say where they had been held prisoner in China. American authorities had said they believed the men were held most of the time in Mukden, Manchuria.

The airmen were dressed in Communist blue trousers and

**Air Force C47 Plunge Kills 7**  
ALAMOGORDO, N.M. (AP) — A twin-engine Air Force C47, its engines apparently stalled over the rugged Sacramento Mountains, crashed and burned Monday in La Luz Canyon, killing the seven men aboard.

The plane had taken off from Holloman Air Force Base 15 minutes earlier after refueling and picking up freight on the last leg of its journey home to Clovis Air Force Base, N.M. It was on a return trip from Burbank, Calif. The crash scene was 15 to 20 miles north of here.

The victims were Maj. Edward A. Miller, Clovis; Lt. Don R. Forbes, listed as pilot, Portland, Ore.; Lt. Robert D. Haugan, Chicago; Lt. Clyde B. Johnson, Benson, N.C.; T. Sgt. Leamon Lawson, Clovis; A. C. Lester M. Barnes, Maywood, Calif.; and A. C. Charles A. Deaton, Comiskey, Ind.

The plane hit in a meadow with such force only the tail section remained whole. It burst into flames 50 yards from a house.

**Last Soldier, 108, Has Pneumonia**  
DULUTH, Minn. (AP) — Albert Woolson, 108, last surviving Union Army soldier of the Civil War, was hospitalized early today with bronchial pneumonia.

An attendant at St. Luke's hospital said Woolson was resting quietly and that his condition had improved slightly since his arrival at 2:15 a.m. He was placed in an oxygen tent immediately.

His general condition was regarded as fair. Woolson, who visited the grave of his wife Monday appeared to be in about the same condition as when he was hospitalized for a week last February due to a similar condition. His ailment then was diagnosed as lung congestion.

**Hit By Train, Lives**  
IRVING, Tex. (AP) — Ambulance attendants pried Lowell Conser Jr., 33, from the wreckage of his automobile and found he suffered only a broken nose and a facial cut.

Conser had been en route to a friend's funeral when a Rock Island freight train struck his car and carried it a quarter mile Monday.

## Fliers Freed By Chinese Reds Happy To Be On Way Back Home

**HONG KONG (AP)** — Four American fliers released by Communist China after more than two years imprisonment reached Hong Kong today. Less than three hours later they took off for Hawaii and reunion with their families.

The men, who had been shot down in the Korean War, appeared tired but in good, if subdued, spirits. They told newsmen at the airport that they had been "well treated."

## No Brainwashing

U.S. Lt. Col. O. W. D. Simpson, who greeted the men at the Communist border, said their mental attitude "was extremely composed and they gave no evidence of being brainwashed."

The four, all fighter pilots, are Capt. Harold Fischer Jr., 28, Iowa; 1st Lt. Lyle W. Cameron, Lincoln, Neb.; Lt. Col. Edwin Heller, 36, Wynnewood, Pa.; and 1st Lt. Roland W. Parks, 24, Omaha.

"We are all terribly glad and happy to be free," Cameron said to newsmen. "What more can we say?"

"Tell our folks hello!" the fliers chorused.

The four men arrived just after noon by train from Canton at the border village of Shunghun.

## Interviews Barred

The Air Force said in Washington that the men would be given a complete physical checkup in Hawaii. Secretary of the Air Force Talbot announced that a special plane would fly their closest relatives to Hawaii for a reunion.

Although newsmen were not permitted to question the four, they said at the airport they were going to be sent home.

The four refused to say where they had been held prisoner in China. American authorities had said they believed the men were held most of the time in Mukden, Manchuria.

The airmen were dressed in Communist blue trousers and

**Can Call Troops**  
Eden sought the powers "to protect the nation" as the strike of 70,000 railway engineers and firemen went into its third day with strike leaders asserting "our fellows are determined to see this through."

In another strike, now entering its second week, stevedores have crippled six major ports in a union jurisdictional fight. Here, too, there was no peace in sight.

Under a national emergency, the Prime Minister can call out troops and requisition transport and supplies if necessary to maintain the nation's essential services.

The nation faced its gravest industrial crisis since the general strike of 1926.

Lord Salisbury, one of Eden's right-hand men and president of the Privy Council, led the three-man government delegation to Balmoral Castle, where the Queen is vacationing.

The first industrial plant to feel the effects of the strike was the South Durham Steel Co., which laid off 350 night shift workers with the announcement that one mill would not reopen because of lack of coal.

**Traffic Jam In London**  
Two of Britain's biggest steel-producing firms—the United Steel Companies and Colville's — announced they will be forced to close by the weekend unless the strike is settled.

There also was no sign of a peace move in the stevedores' strike crippling four of the country's biggest ports. It is an out-and-out jurisdictional fight between the National Amalgamated Stevedores and Dockers Union and the general workers union over bargaining recognition demanded by the smaller union.

The 18,000 strikers, most of them members of the NASDU have defied their leaders' orders to go back to work. Some TGVU men have joined the strike in sympathy.

London was threatened with the worst traffic jam of its history. Hundreds of thousands of suburbanites who normally ride to work in trains converged on the city

**TODAY'S CHUCKLE**  
Problem—An opportunity in work clothes.

## Company Delays Public Reply To UAW Proposals

**By GLENN ENGLE**  
DETROIT (AP)—The Ford Motor Co. and the CIO United Auto Workers today clamped a 24-hour secrecy lid on their strike-threatened contract talks.

A joint statement by the company and union had the effect of delaying Ford's public reply to a UAW proposal that company employees choose between the union's guaranteed annual wage demand and a company "prosperity partnership plan."

The delay led to speculation that Ford, at this morning's bargaining session, may have placed another offer on the table.

Ford negotiators were reported to be cool to the unique union proposal made by UAW president Walter Reuther yesterday to put the matter to a workers' ballot choice.

The joint Ford UAW statement said: "The parties have agreed to a 24-hour moratorium on any public discussion of matters being considered at the bargaining table. This understanding may be extended by mutual agreement."

Bargaining sessions continued after the joint announcement and it appeared they might develop into a marathon session.

Meanwhile, Carl Stellato, head of the union's huge local No. 600 at Ford's Rouge plant here, called publicly on Henry Ford II, company president, to enter the negotiations personally. Ford has not participated in any of the bargaining talks so far.

**Rouge Workers Meet**  
As strike fever mounted in Detroit, Stellato scheduled a mass meeting of Rouge workers outside the plant gates Wednesday afternoon. It was anticipated this would entail a work stoppage at the Rouge plant while workers attended the meeting.

Stellato said he expected nearly all the 35,000 day and afternoon shift employees would take part in the demonstration.

"If negotiations are not successfully concluded by June 1," Stellato said, "then the membership may set the time for striking the Rouge plant at the meeting."

As the Ford talks continued under an imminent strike threat, the union and General Motors negotiators gathered this afternoon to resume sessions after a three-day recess. The GM pact expires June 7.

**Strong For Walkout**  
Reuther proposed Monday that Ford agree to put to a vote of Ford workers whether they preferred the UAW's guaranteed wage plan or the company's "prosperity" plan. The UAW reported last week that 96,541 Ford workers voted to strike for the year-around pay plan with only 3,828 voting against a strike.

**Would Extend Contract**  
He made the proposal Monday. A copy of the proposal was included in a letter from Reuther to Henry Ford II, company president.

The company asked for, and the union agreed to, a recess in negotiations until today.

Ford promised an answer "at the bargaining table as soon as we have given it (the union proposal) our full consideration."

Reuther proposed the ballot question be confined to the year-around pay plan against three proposals.

(Please Turn To Page 6, Col. 5)

**Coal Mines Next**  
The National Union of Railwaymen, which includes 17,000 engineers and firemen as well as some 360,000 other rail workers, declined to join in the stoppage. Most of them reported for work.

But even with them on the job, rail officials had no hope of providing more than skeleton freight and passenger service.

Officials said it would be only about three days before the coal mines began closing for lack of coal cars. Depleted coal stocks would cut power production, and so affect nearly every industry.

Milk also is a critical item.

**Russians On 2-Day Tour Of Yugoslavia**  
POSTOJNA, Yugoslavia (AP)—The leaders of Russia—Communist party chief Nikita Khrushchev, Premier Nikolai Bulganin and Deputy Premier A. I. Mikoyan—began a two-day tour of northern Yugoslavia today.

Tito did not accompany the Russians but will meet them Thursday in Belgrade.

Borba, Yugoslavia's leading Communist paper, said today some progress clearly had been achieved in talks, which will be concluded Thursday or Friday.

"The talks have been profitable for Yugoslav-Soviet interstate relations and for the efforts to reduce international tension," the paper declared.

Borba said the joint document to be released after the return of the Russian leaders to Belgrade will contain a review of the present international situation with suggestions for improving it, the agreed foundations for future Yugoslav-Soviet relations and the outline of "essential elements of a policy of coexistence."

A joint communique issued Monday said the negotiations were continuing "in an atmosphere of mutual understanding" but gave no details.

The Soviet delegation arrived in Yugoslavia last Thursday to patch up the Soviet bloc's bitter seven-year quarrel with the Yugoslav marshal.

## Sidekick Of Capone Dies In Miami, Fla.

**MIAMI, Fla. (AP)** — Louis (Little New York) Capone, a sidekick of the late Al Capone, died Monday of a heart attack.

He was stricken while battling to land a large fish. He was removed from the boat by Coast Guard helicopter but died shortly after reaching a hospital.

Capone, 57, was one of the notorious Capone gang during the 1930s. In 1943 he drew 10 years in prison on conviction of conspiracy to extort a million dollars from movie executives. He served one third of the sentence in the federal penitentiary at Atlanta and was paroled.

He was one of Capone's original bodyguards and received the nickname "Little New York" from the stubby kingpin mobster. Police

sources at Chicago said Campagna joined Capone from New York, where he had been known as "Lefty Louis."

Campagna told the Senate Crime Committee headed by Sen. Kefauver (D-Tenn.) that bookmaking in Cicero, a Chicago suburb, netted him about \$80,000 to \$90,000 a year before he was convicted in the movie extortion case.

At last report, he had bought an 800-acre farm near Fowler, Ind., and lived there.

On a boat about 10 miles south-east of Miami, Campagna brought a 30-pound fish aboard, then sank into a deck chair while others in the party radioed for medical assistance.

The Coast Guard dispatched a helicopter that removed him from the cruiser Nellie, out of Miami, and brought him to Mercy Hospital, where he died.

**End Segregation In Public Schools, High Court Orders**  
WASHINGTON (AP)—The Supreme Court today directed that public school segregation of white and Negro pupils be ended as soon as feasible, taking local conditions into account.

Chief Justice Warren, announcing the court's decision, said lower courts could decide whether a prompt and reasonable start toward full compliance was being made by local school authorities.

Warren said the high tribunal expects full compliance to be carried out as early as practicable. He added that lower courts, sitting as courts of equity, "may properly take into account local problems."

Warren said the "vitality" of the Supreme Court's decision in the segregation cases cannot be yielded because of disagreement with them.

## Kalamazoo Man Nearly Suffocates

**KALAMAZOO (AP)** — L. L. Sanders of Kalamazoo was in fair condition today in a Kalamazoo hospital after nearly suffocating from smoke and fumes in his apparel shop Monday.

Firemen, who broke into the store, found Sanders unconscious on the floor, a few feet from a burning couch and some cigar butts.

He said today he could not remember what had happened.

**Hit By Train, Lives**  
IRVING, Tex. (AP) — Ambulance attendants pried Lowell Conser Jr., 33, from the wreckage of his automobile and found he suffered only a broken nose and a facial cut.

Conser had been en route to a friend's funeral when a Rock Island freight train struck his car and carried it a quarter mile Monday.

## Brothers Confess Brighton Killing

**EAST LANSING (AP)** — Two brothers, one an expert marksman as an Army occupation soldier, the other his youthful admirer, have confessed to the shot-in-the-back slaying-kidnaping of an 18-year-old Brighton, Mich., gas station attendant.

William Joles, 23, and his brother, Daniel, 18, both of Mesick, Mich., confessed the killing after a four-hour grilling Monday night by State Police.

## Second Holdup Admitted

The older brother, also a deer hunter, detailed how he first shot his victim in the back using car headlights as a guide, then shot him again at almost point blank range.

They confessed to the Brighton slaying after they were arrested for questioning and admitted to an almost similar gas station holdup—without a killing—at Manton, Mich., near Cadillac Saturday morning.

Rewards totaling more than \$3,000 have been offered for the slayers who kidnaped and then shot twice through the heart young Lawrence Jackson Jr., of Brighton on May 19.

After they confessed to the crime, the brothers were taken to Howell over night. The Livingston County prosecutor is expected to ask for first degree murder warrants today.

**Planned To Be Married**  
The older brother said he staged the Brighton robbery "to get money to get married."

He detailed in a signed statement how he forced young Jackson out of the car, ordered him to walk up the road, leaned his .32 caliber rifle on the door of the car, used the headlights for a guide and shot Jackson in the back.

"There wasn't anything else to do," he said. "He had seen the license plates of the car."

"Couldn't you have let him walk away," reporters asked afterwards.

"I was afraid of being caught," he said.

The younger brother, who confessed first, said he was driving the car when William ordered him to stop.

"He said he didn't want to be shot. That he wanted to live," young Joles quoted Jackson as saying.

**Death Rifle Stolen**  
"Then Bill opened the door. I thought he was getting into the front seat. He told the kid to walk straight up the road. It was still dark and you could see him in the headlights. Then he shot and the kid staggered and fell."

The brothers then told how they stopped the car again and the older brother shot into the body at a range of about six feet.

The death rifle, the brothers said, was stolen from the home of

**Girl Hunt Given Up At Kalamazoo**  
KALAMAZOO (AP) — The FBI has delayed entering the search for 8-year-old Jeannie Singleton.

Sherwin Heywood, Kalamazoo police chief, said Monday the government agency declined to enter the case on the grounds there was no evidence the missing school girl had been taken across the state line.

If it could be proved Jeannie had been taken to another state, the FBI could enter the case under the Lindbergh law.

Jeannie vanished a week ago on her way home from school. No trace of her has been found.

Capt. Riley Stewart, Kalamazoo chief of detectives, said searching parties, which once numbered more than 1,500 persons, have dwindled to nothing.

## Tributes Paid To War Dead By Judge Miller

Memorial Day is a day of remembrance and not a day of celebration, Judge William J. Miller declared in his Memorial Day address at Ludington Park yesterday.

"Only as we remember the sacrifices of our war heroes in our country's cause are we able to evaluate their service," Judge Miller said.

"Only the forgotten are dead. Our own son, Robert, killed in service in World War II, is spiritually present at all times in our home, though physically absent. That's the way it must be for all of us if Memorial Day is to have its true significance."

The speaker declared that Memorial Day is a day of remembrance but also a day of reconstruction and reeducation.

"Spiritual values must be recognized in our daily lives as individuals and also in our collective lives as American citizens."

"There is danger in crying 'Peace! Peace!' when there is no peace. So long as we have nations on earth who do not fear God, who do not respect the rights of men, and who preach dissension, class hatred, godless atheism and who would overthrow our way of life, we cannot afford to be lulled into a false sense of security."

"Every freedom we enjoy was bought by someone's blood and sacrifice. We treat them all as commonplace—the right to speak and assemble, the right to worship as we please, to work where and when we please and to run our own affairs. These are freedoms that were forged out of human struggle. Freedom is our trust. Only you and I, individually and collectively, with God's help and guidance, can preserve the heritage that is ours."

Other features of the Memorial Day observance in Escanaba included a parade to Ludington Park, the Memorial ritual programs of the American Legion, Veterans of Foreign Wars, Disabled American Veterans and their auxiliaries.

William E. Butler was master of ceremonies and C. Elmer Olson read the names of Delta County soldiers killed in action in World War II and the Korean War.

## Personals

Mr. and Mrs. Kenneth J. Tonkin and son, Allen, have returned to their home at Berwyn, Ill., after visiting Mr. Tonkin's parents, Mr. and Mrs. M. J. Tonkin, 908 S. 14th St., during the holiday weekend.

Mr. and Mrs. Tom Bowman of Big Rapids, Mich., visited over the Memorial Day weekend at the home of Mrs. Bowman's parents, Mr. and Mrs. Harold Redman, 1223 N. 18th St. They also visited at Crystal Falls with Mr. Bowman's parents, Mr. and Mrs. Gilbert Bowman. Mrs. Bowman is the former Mona Redman.

Dorothy Kroll, daughter of Mr. and Mrs. Thomas Kroll of Wells, Mary Dufour, daughter of Mr. and Mrs. Louis Dufour of Wells, and Annette Poquette, daughter of Mr. and Mrs. Edward Poquette, 1201 N. 21st St., spent the weekend at the homes of their parents. They returned to Milwaukee yesterday.

Mr. and Mrs. Art Kubley, 1112 1st Ave. N., had their son and daughter-in-law, Mr. and Mrs. Richard Kubley, and Mr. and Mrs. Fritz Roth of Milwaukee as their guests during the holiday weekend.

## Iron Mt. Builders Get 4th Contract

MARQUETTE—Hoyle-Newberg Construction Company, Iron Mountain, was the low bidder on the eighth of nine major projects at the K. I. Sawyer Air Base, but the contract will not be awarded until after June 10.

The Iron Mountain firm's bid on the project covering construction of roads and walks was \$301,284.30.

Hoyle-Newberg will begin the project in June and complete it by December. It was fourth contract for the Iron Mountain company, and brought its total contractual work on the air base project to \$3,768,561.30.

The eight contracts to date total \$7,142,595.60.

## U. P. Physicians To Meet June 17

The 60th annual convention of the Upper Peninsula Medical Society will be held at Gateway Hotel, Land O' Lakes, Wis., June 17-18.

The program will offer time for viewing of exhibits and panel discussions and papers on medical subjects including diagnosis and treatment of cancer, abdominal surgery, infantile eczema, menapausal bleeding, skin diseases, childbirth labor, periodic health appraisal, convulsive disease therapy, low back pain, hypertension and treatment of hemorrhoids.

The speakers and panel members will include Dr. J. A. Ferguson, Grand Rapids; Dr. H. M. Nelson, assistant professor of obstetrics, Wayne University, Detroit; Dr. E. T. Thiem, chief surgeon, St. Joseph Hospital, Ann Arbor; Dr. D. C. Eisele, Ironwood; Dr. Frederick A. Collier, professor of surgery, and Dr. Harry A. Towsley, professor of pediatrics, both of the University of Michigan.

Also Dr. Roland S. Cron, professor of obstetrics, and Dr. Harry R. Foerster, dermatologist, both of the Marquette University; Dr. John M. Sheldon, professor of medicine and Dr. Thomas N. Evans, assistant professor of obstetrics, both of the University of Michigan; Dr. Z. Stephen Bohn, assistant professor of neurology, Wayne University, Dr. W. L. Bichel, orthopedic surgeon, and Dr. Richard M. Schick, both of the Mayo Clinic, Rochester, Minn.; and Dr. Walter A. Fandler, University of Minnesota.

## Three Injured At Manistique

MANISTIQUE—Three persons were injured, none seriously, in two auto accidents here during the Memorial Day weekend.

Richard McLean, 24, of Manistique, and Joseph Shulak, 23, of Chicago, were injured at 12:30 p. m. Sunday when a car driven by William Jessick, 20, of 516 Park Ave., Manistique, went off the road while meeting a car and rolled over.

McLean suffered head lacerations and an injured vertebra and was taken to Schoolcraft Memorial Hospital. He was dismissed Monday.

Lloyd Miller, 13, of 622 Park Ave., suffered a possible rib fracture while riding in a car driven by Thomas F. Shampine, 44, 620 Park Ave. Manistique State Police reported Shampine's car rolled over with a boat on a trailer behind it. He was attempting to pass a car driven by Margo Morden, 17, of 110 S. 3rd St., three miles west of the city limits on US-2. Miss Morden turned left and forced Shampine to hit into a driveway.

Miss Morden was ticketed for an improper left turn. The accident occurred at 10:10 a. m. Sunday.

Jessick was ticketed by Manistique State Police for driving at excessive speed.

Also ticketed for excessive speed were Miss Dawn Marie Thayer, 19, of Rt. 1, Manistique, who lost control of her car on the Inland Road one mile south of Gulliver Saturday, and Mrs. Paul Latendresse, 20, of Detroit, who hit the rear of a car driven by Jacob Utti, 30, of Highland Park, Mich. after an accident Saturday on US-2 three miles east of Gulliver.

## Obituary

**CHARLES SIHVOLA**

Funeral services for Charles Sihvola, retired Rock farmer, were conducted in the Finnish Lutheran Church at Rock Saturday afternoon at 1 p. m. by Rev. Amos Marin, Gwinn, officiating.

During the rites the church choir sang "I Have Faith in Jesus" in Finnish and "Jesus, Savior, Pilot Me" in English. Mrs. Amos Marin was the organist.

Pallbearers were John Hakanen, John Engberg, Thomas Lingala, Jack Peltto, John Laitinen and Leander Kivioja. Burial was in the family lot in the Rock cemetery.

Attending the rites from out of town were Mrs. Bert Lee, Detroit; Mr. and Mrs. S. P. Harkinen, Tacoma, Wash.; Mr. and Mrs. Charles Lee and Mrs. Steve Tomasewski, Detroit; and Mr. and Mrs. Jacob Harkinen, Gary, Ind.

## Briefly Told

**National Guard**—The National Guard will not meet for regular drill this evening. The next scheduled drill will be held Sunday, June 5, at the local Armory. Members will leave from the Armory for range firing.

**Historical Society**—The Delta County Historical Society will meet at 8 tonight in Carnegie Public Library, when reports of committees are to be heard and Jean Worth, Escanaba Daily Press editor, will speak. The public is invited to attend, said Charles Follo, Historical Society president.

**Fire Calls**—Escanaba firemen were called out twice during the Memorial Day weekend. On Saturday they were called to the Oscar Greenwald home, 221 N. 14th St., where grease had caught fire; and this morning they were called to the Harry Pennings residence, 8th Ave. and 23rd St., where a space heater had backfired. There was no damage in either fire.

**Motorists Ticketed**—Escanaba police have issued traffic violation tickets to the following motorists: Lawrence Meyer, 812 Sheridan Road, defective head light; Allen J. Groleau, 206 S. 6th St., no operator's license on person; Alphonse Petroit, Cornell Rd. 1, defective head light; Leonard LaBonte, 307 S. 17th St., speeding; Francis Williams, 315 N. 16th St., disobeying stop sign; Myrtle Valind, 1222 8th Ave. S., speeding; Ronald Kleiman, Wilson Rte. 1, speeding; Robert G. Moreau 306 S. 9th St., disobeying stop sign; James Richard Kasbohm, Bark River Rte. 1, speeding; Donald Binkowski, Pound, Wis., speeding; Alda L. Olson, Gladstone Rte. 1, disobeying traffic signal; Norman Ross, Milwaukee, speeding; George A. Charillier, Escanaba Rte. 1, speeding.

## Carpet-Cleaning Discovery Hailed

What is said to be the "easiest and cleanest" home rug cleaner known as Blue Lustre is now available. It is the development of years of research. Blue Lustre leaves no foreign residue in the nap after cleaning. The pile is left open and fluffy and the colors are restored to original brilliance as if by magic. All this plus the fact that it's easy to apply and safe for the finest fabrics makes Blue Lustre the answer to the wall to wall carpet cleaning problem. Blue Lustre is a concentrate and inexpensive to use. A half gallon will clean three 9 x 12 rugs.

## E. L. Schou Dies In Oregon

Friends of the family here have been advised of the death of E. L. Schou of Lebanon, Ore., a resident of Escanaba many years.

Mr. Schou was a professional masseur, as was his father. Born in Oslo, Norway, July 30, 1879, he served with the King's Army as a young man. He came to America in 1902 and became a United States citizen in 1912. He resided in Escanaba until he moved to the west coast last January.

He was a member of the Norwegian Lutheran Church and the North Star Lodge.

Surviving are two daughters, Mrs. Tennis (Ruth) Larson and Miss Elvora Schou, Lebanon; two sons, Lorentz Schou of Chicago and Rold A. Schou, Detroit; and six grandchildren.

Services were conducted by the Rev. Wesley Turner of the First Methodist Church at Mt. Crest Abbey in Salem.

## Perkins

**Boys 4-H Club**

Officers of the Perkins Boys 4-H Club elected at a meeting at the Ralph Clausen home are: David LaCasse, president; Verne Nelson, vice president; John Carlson, secretary; Dick Aker, treasurer. The next meeting will be held June 20 at the Albert Gustafson home.

## Dynamite Juggled

DALLAS, Tex. (AP)—Patrolmen curbed a truck Monday they said was making 80 miles an hour when they first spotted it.

Inside were three boys nervously juggling some items they said they were in a hurry to bury.

Police identified the stuff as three sticks of dynamite and four electric detonator caps stolen a week ago from a construction site.

Lunch was served by the hostess after the lesson.

## Minor Mishaps Over Weekend

Only two minor accidents were reported in Delta County over the long Memorial Day weekend but Michigan State Police issued 62 traffic tickets, including two for driving while under the influence of intoxicating liquor.

Kathleen Brill, 3, of Williams Bay, Wis., sustained minor head bruises when a car driven by Alfred Brill struck a car driven by Nives Yale, of Dearborn, at the Rapid River intersection Saturday at 6 p.

Shirley Kikng, 19, of Flat Rock, suffered cuts and bruises of the right hand and right foot when a car driven by Clayton LaFave, 21, of Flat Rock, skidded into a ditch in Flat Rock and overturned twice Saturday at 8 p. m. LaFave was ticketed for reckless driving and for failure to report a personal injury accident.

Arrested for driving while under the influence of liquor were Hilding Martinson, 42, of 934 Sheridan Road, Escanaba, and Victor Lundquist, 56, of Carney. Martinson will be arraigned in justice court in Gladstone today. Martinson was arrested Saturday on Lake Shore Drive, Escanaba, and was taken to the Delta County jail. Lundquist was taken to the Menominee County jail.

Omer Gour of Negaunee who was arrested last week for driving under the influence of liquor was sentenced to serve 30 days in the county jail upon failure to pay a fine of \$50 and \$4.30 court costs.

## Briefly Told

**Barr School Entered**—The Barr School building, now used by Home Supply as a warehouse, was entered sometime Friday night by children who broke the glass in a rear door, according to police. John Boyle of Home Supply said nothing was missing.

**Class Seeks Address**—The class of 1940 of Escanaba High School which is holding a reunion July 9 at the Dells Supper Club is seeking the current addresses of the following classmates: Donald Buckland, Renie Hebert, Kathleen Johnson and Roland Kehler. Anyone having information on them is asked to call Jeanette Peterson Brayak, 229 W. 1.

**Cars Collide**—Cars driven by Mrs. Vogt Lawson of 521 1st Ave. S. and Russell Owen, salesman for Root Motor Co., collided shortly after noon Saturday at 1st Ave. S. and 6th St., causing damage estimated at \$200 to the car driven by Owen and \$100 to the car driven by Mrs. Lawson. On complaint of Owen, Mrs. Lawson has been summoned to appear in justice court for failure to yield the right of way.

**Motorist Fined, Jailed**—James W. Mineau, 21, of 1312 Delta Ave., Gladstone, pleaded guilty to reckless driving and driving with a suspended license and was ordered by Justice Henry Ranguette to pay a fine of \$25 and costs of \$5 and spend two days in jail. A charge of unlawfully driving away an auto was dropped by the auto owner, Joseph Berish 1604 Stephenson Ave.

## Kindergarten At Rapid River Will Graduate Tonight

RAPID RIVER—The Rapid River kindergarten exercises will be held this evening at 8 at the Rapid River High School.

The program is: Processional, "Pomp and Circumstance"—Mrs. Charlotte Leclerc.

Invocation—Rev. Wilbert Johnson.

Son, "Like Jack and Jill"—Graduates.

Address—Miss Gertrude Grandchamp.

Presentation of diplomas—Supt. Walter C. Peters.

Benediction—Rev. Johnson.

Recessional, Brahms' "Lullaby," Mrs. Leclerc.

## Bishop Noa Addresses Holy Name Graduates

Most Rev. Thomas L. Noa, Bishop of Marquette, during his commencement address to the first graduating class of Holy Name High School Sunday, May 29, emphasized the all-important place which God should hold in life and education.

"Your school is dedicated to the purpose of preparing you for what you must be and for what you must do here in this life on earth according to the will of God in order to attain the sublime end of eternal life," he stated. "Your school is dedicated to the purpose of giving you knowledge and forming you in skills for better living in conformity with Christian ideals and Christian civilization, under God Who became man. Your school is dedicated to the purpose of that moral as well as intellectual formation of students which is essential for good citizenship. In season and out of season it insists that the great binding force between knowledge and morals which is necessary for good citizenship is religion."

Bishop Noa added that the entire course of training in a Catholic school is dedicated to the purpose of placing Christ, the Son of God, in the center of the students' lives.

He told the 46 graduates, parents, faculty members, clergy members and friends that the purposes of a good education are sometimes set forth in three simple phrases, corresponding to the three needs of the individual. Education should teach how to make a living, how to live with others and how to live a good life, he said. To make a living is indeed a matter of immediate necessity for most and Holy Name has endeavored to equip certain skills for this purpose, Bishop Noa declared.

"But living with others and living a good life are matters of constant, urgent and basic necessity for everyone, always and everywhere. Only under God and with faith in the Son of God Who became man and with a loyal acceptance of the teaching and guidance of His Church can we realize a proper way of living with others and living a good life. "The course of studies for a

good life conducted by Our Lord, the greatest Teacher of mankind, is based and rooted in faith, in the acceptance of the truths He proclaimed on the basis that He is God Who can neither deceive nor be deceived. In order to follow the law of life as He proclaims it, to love God and neighbor, in a word, to be good, we must have convictions; we must think rightly; we must have correct ideas. For this we have faith and accept what He teaches us through His Church.

"I exhort you to appreciate this great gift of faith by means of which you are able to think rightly," Bishop Noa ended. "May God assist you always to be good Catholic men and women of action, of action founded on a real, living faith with love of God and man."

## Soo Locks Centennial Stamp Out June 28

To commemorate the centennial anniversary of the Soo Locks, the United States will issue a 3-cent stamp on June 28, opening

day of the Soo Locks Centennial Exposition. The first place of sale will be Sault Ste. Marie, Mich.

The design shows a map of the Great Lakes against a scenic background of sky, water and a lake steamer. Each lake carries its name. In the upper right corner of the stamp are the words: "Soo Locks — 1855 Sault Ste. Marie — 1955." At the bottom of the stamp are the words: "A Century of Great Lakes Transportation."

Stamp collectors desiring first-day cancellations of this stamp may send their addressed envelopes to the Postmaster at Sault Ste. Marie, Mich., with money order remittance to cover the cost of the stamps to be affixed prior to June 28. The outside envelope should be endorsed "First Day Covers."

## Statue Of Christ Formally Unveiled At Gardens Of Rest

The bronze statue, Benediction of Christ, was formally unveiled and dedicated Monday at Gardens of Rest cemetery by Judge William E. Miller of Escanaba. The ceremony was attended by a large crowd of spectators.

"The Benediction" is the work of J. Otto Schweitzer, famed American sculptor.

Judge Miller reviewed the development of Gardens of Rest cemetery in his dedicatory address.

## Canadian Held In Auto Theft

MENOMINEE—Edward Ritchie, 45, of Ontario, Canada, was brought here yesterday from Luce County to face a charge of unlawfully driving away an automobile owned by Mrs. Roy Cadieu. The car was stolen Thursday night from the Cadieu garage.

Michigan State Police arrested Ritchie in Luce County with a woman companion, after the Cadieu car was found abandoned, a front fender damaged, in Schoolcraft County.

Sheriff Edward Reindl said Ritchie confessed to State Police the theft of the Cadieu car. He said Ritchie has a record of at least 18 convictions and has been confined in the Menominee County jail at least three times. Charges against him ranged from larceny to statutory rape.

The woman companion was identified as Mrs. Shirley Petonquott of Wabeno, Wis., who was reported as missing from her home. She is being held as a material witness.

## Bark River

**Salem Lutheran Aid**  
The Ladies' Aid of Salem Lutheran Church, Bark River, will meet Wednesday at 8:15 in the church parlors. Hostesses are Mrs. Thelander Nelson, Mrs. Victor Nelson and Mrs. Lawrence Bruce. Choir rehearsal will follow the meeting.

## Yacht Club Enjoys Launching Dinner; Certificates Given

Seventy-four members and guests of the Escanaba Yacht Club enjoyed the annual launching dinner held last evening at the EYC clubhouse at Sand Point, with the awarding of 10 certificates in boatsmanship a highlight of the dinner program.

The certificate awards were presented by Commodore Frank St. Martin to the 10 young people who successfully completed the EYC's class in boatsmanship. They are:

Harland Beers, David Johnson, Douglas Kelsey, John Munshaw, Richard Peck, Roger Swanson, Charles Vader, Thomas Vader, Joan Vinette and Brian Wood.

The presentations were made following the dinner, when additional persons gathered for the ceremony marking the close of the second season of boatsmanship classes sponsored by the Yacht Club.

Commodore St. Martin also introduced several new members and gave a progress report on the club house improvement program, including an addition to the clubhouse which is already under way. A sand box and playground equipment for youngsters will also be available this year. Color moving pictures provided by Bill DeCock were shown.

Mr. and Mrs. Dana Peck headed the committee in charge of arrangements for preparing and serving the dinner.

## Nearest thing to FLYING SORCERY

(Man! what Variable Pitch Propellers do for Dynaflo Drive!)

It's The Hardtop with Four Doors!

Here's the new hit in hardtops that's taking the country by storm—Buick's pioneering and pace-setting 4-Door Riviera. The doors for rear-seat passengers. Shown here in the low-price SPECIAL model—also available in the high-powered CENTURY Series. Both now in volume production to insure prompt deliveries.

IN A land vehicle, there's never been anything like the magic a pilot gets with his variable pitch propellers.

He can angle the blades of his propellers for performance as he heads his plane down a runway—to get quick take-off and climb.

He can switch the angle of those propellers for economy aloft—to get more mileage from the fuel in his tanks.

As we said—there's never been anything like that in a land vehicle. But there is now. It's in a Buick with Variable Pitch Dynaflo—and you can take the word of thousands of excited owners of new Buicks that it's the closest thing to wheeled flight...

Because you have twenty propeller-like blades

whirling in oil inside your Dynaflo unit...

Because you can switch the pitch of those propeller blades from high-economy angle that gives you top gas mileage in cruising—to high-performance angle that gives you action plus...

And because, when you call for that action by pressing the gas pedal way down—you get it split-second quick and silky smooth—an instantaneous power response for getaway, or for a sudden safety-surge of acceleration when needed.

It's a solid, soaring, pulse-quickenning thrill—unlike anything you ever felt before—and

robustly bolstered by walloping new horsepower raised to record might.

It's something you definitely ought to try—just to know what's really new in automobiles—and to see for yourself why Buick sales are zooming to an all-time best-seller high.

Drop in today or tomorrow and we'll gladly arrange matters—show you, too, the prices that are keeping Buick in the tight circle of America's top sellers.

\* Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series

## Manistique Plans Open House To Mark Utility Achievement

Americans are using more water than people in any other country. In a century we have progressed from pail-hand carry of most of our water from pumps and wells, to a people of tap turners who want pure water to flow in unlimited quantities. We have generally been so well served in this respect that the public gives small attention to it, relying upon their municipal governments and health departments to assure safe water supplies.

Water is so generally plentiful and wholesome in the Upper Peninsula that it is often neglected in the brag lists of communities seeking new industries, because it is taken for granted. Yet Peter F. Drucker, one of the nation's foremost consultants to industry, summing up the great domestic issues which will dominate the American scene during the next 20 years, puts water first on his list of 11 issues in the June issue of Harper's Magazine. (The other issues are power, transportation, housing, schools, health, labor, the Negro, older workers and inflation.)

Water, writes Drucker, is the one natural resource that the United States, compared to Western Europe, has been badly supplied with. Not only is rainfall over large parts of the country deficient and abundant rainfall limited to small areas in the northwest and southeast; but, because of geography, geology, or soil structure, far too much of the rainfall we get seems to be lost in run-off rather than stored up in the subterranean water table for future use. A mad scramble for water resources is already underway among metropolitan areas, states and regions, and during the next 20 years, the need for water will sharply increase.

"During the past 15 years," writes Drucker "the signs have multiplied that we are living off our water capital—running the risk of repeating with our water resources the orgy of destruction we indulged in with our soil. Water tables, once depleted, are even more difficult to restore than eroded and depleted soil. Yet we continuously pour new population and new industries into areas of marginal water supply, inviting disasters that we should have experienced enough to forestall."

"During the next 20 years the need for water will sharply increase, partly because of population growth, but mainly because the new and growing industries typically need water at an ever-increasing rate. Federal water allocation is certain to be demanded and heatedly discussed. State laws or local ordinances on water conservation should be the hottest of political hot potatoes nearly everywhere in the country from now on."

"The same will apply to conservation of all kinds: soil and forests; grazing lands and petroleum; clean, unpolluted air and clean unpolluted water; scenic beauty and open spaces—all will be more desirable, more expensive, and more difficult to secure—and hence they will become even more prominent as political issues for national and local governments alike."

Deficiency of water supply elsewhere will give value to the communities which have abundant water supply of good quality.

Manistique is preparing for the future. On Friday, June 3, it will welcome the public at an open house celebration at the new Manistique water pumping station. Russell L. Johnson, Upper Peninsula engineer of the Michigan Department of Health, will be there wearing his proudest smile and so will the officials and citizens of Manistique who have brought off this major civic project.

The water tower above the pumping station beside the Manistique River flume in Manistique of one of the city's landmarks. The \$250,000 water improvement work started in 1953 will keep this tower, but shift the pumping unit to a new site at Intake Park on the Indian River. Formerly a gravity flow line brought the city's water supply to pumping station, but this system had failed several times in the winter. A new pressure line will now bring the water from the Intake pumping station which is also the site for Manistique's future water filtration plant. The city was formerly dependent upon one water line under the Manistique River flume; now it will have the protection of two lines.

"The program," said Johnson "is not completed, but it is a great advance and none of the money that has been spent will be wasted as Manistique completes development of a fine water system. The community is to be commended for having employed competent engineering assistance to do the work."

The community is also to be commended for having planned, financed and completed this basic need for its growth.

## It's Understandable

A psychologist named Peter Siegle has been investigating people's sleeping habits. He finds that most of us are pretty sluggish about getting out of bed in the morning.

His chief explanation is that in this time of trouble we're reluctant to face all the uncertainties ahead on any particular day. In other words, no matter what transparent tricks we may use to cling to that bed a little longer, what we're actually doing is retreating from civilization.

It's understandable. From that warm, soft haven of blankets and pillows we can't see the wicked Kremlin (though admittedly a few do imagine that Khrushchev and his gang are under the box springs). The turbulent Formosa Straits don't flow nearby. The only fall-out we have to worry about is made up of dust and feathers.

The pressures of the market place and the strident tones of angry men debating public issues seem nightmarish fantasies. The tax collector is a fuzzy, only faintly disturbing image lost in a sea of softness and peace.

Is it any wonder we snarl at the alarm clock which sharply summons us away from this trouble-free island we call our bed?

This nightly exile from reality preserves our sanity as well as our physical being. And the way things are going, we'll probably be grabbing more time between the covers than ever before.

## Today And Tomorrow

By WALTER LIPPMANN

The Bonn government is very much exercised by the talk about German neutrality. The talk was set off by Mr. Molotov's speech at the signing of the Austrian treaty and it has been greatly promoted by the President's remarks at last week's press conference. What with the trial balloons, the protests and the denials, there is now considerable confusion inside the Western Alliance.

The confusion is due, I believe, to this: that all the governments who are vocal—Bonn, Moscow, and Washington—are talking about the superficial, indeed the unreal notion, of neutralizing Germany by the decision and force of the victors of the World War. But these governments are thinking about that the German nation, now sovereign, may do in order to obtain its own unification within frontiers that are acceptable to the German people. The notion of a neutralized Germany is a fantasy. The notion of a Germany taking the initiative and acting with growing independence is a reality.

Mr. Molotov, to be sure, has talked as if he believed that the Big Four could and should, in the manner of Yalta and Potsdam, impose a neutral regime with strictly limited armaments upon a reunited but controlled and supervised Germany. Mr. Molotov knows better than that. Mr. Molotov has let it be known in a dozen different ways that he is expecting ultimately to deal directly with the Germans. He is talking for the innocent and naive, and so are we when we protest. There is no serious persons who believes that the strongest nation on the European continent can be ruled now by a coalition of foreign powers divided among themselves by a cold war.

It ought not be necessary to say that the United States would not agree to such a "settlement" even if it were not a practical absurdity. It may also be said that if the real question about German "neutrality" dealt with an imposed settlement of the Potsdam type, Dr. Adenauer would not be so much concerned. He knows quite well that the time is long past for such things. The real question about German neutrality is not what the Allies might impose on the Germans but what the Germans themselves may insist upon for themselves. The denials and assurances from Secretary Dulles, the speeches of Ambassador Conant, are addressed to the Germans who are thinking about what kind of peace treaty they, or more specifically the Government that would succeed Dr. Adenauer's, may be able to negotiate with Moscow.

We may, I would guess, go further than this and assume that the practical issue is not whether West Germany will negotiate with Moscow but when it will negotiate and under what circumstances. Is the negotiation to take place now before Germany is armed, or two or three years hence? If negotiations are to take place now, the price the Germans might be asked to pay for unification would probably be not only to remain virtually disarmed, not only to renounce their alliance with the West, but also to renounce all claims to territory beyond the Potsdam Armistice lines. But in a few years, if all goes well in Germany according to Dr. Adenauer's calculation, the Germans may be able to negotiate, having an army, having the support of the Allies, for a revision of the Eastern frontier.

The political question inside Germany is whether Dr. Adenauer can persuade the Germans to be patient and to gamble on this longer future. Much depends on what Mr. Molotov is now in fact willing to wish to reject, which many Germans will wish to accept? Or might Mr. Molotov do what he did with Austria: might he pay what he has to pay to get a settlement now? In how much of a hurry is he? In how much of a hurry are the German people? It is, we must remember, within the power of the Kremlin to offer terms which no German government can refuse.

If we look ahead to the coming negotiations, trying to foresee the concrete issue about Germany, may not the live alternatives be these: either a Soviet coup in the form of an offer that the Germans cannot and will not reject, or a five-power agreement for a new modus vivendi—or one which calls for a reduction of foreign troops, for a re-deployment away from the center of Germany of the troops that remain, for some slow-down in the rate of German rearmament, and for various arrangements and accommodations between the two Germanys.

There is much to be said for the view that the German problem is insoluble except by stages—that it is impossible to pass suddenly from a divided, occupied, and dismembered Germany to an evacuated, united, and satisfied Germany.

It is impossible among other reasons because none of the governments, except possibly the Soviet is able to put its signature to all of the conditions that a sudden settlement will entail. It is at least a doubtful question whether the Soviets themselves are now at the point where they will offer Germany the terms—including revision of the Potsdam frontier lines—which a settlement would require. For if the Soviets offer the Germans sufficient to get a settlement, they run grave risks of alienating the Poles.

## Into The Past

10 YEARS AGO

Escanaba — With rhubarb sauce coming into its own these days and the berry season not far distant, extra allowances for canning sugar are being made at the ration board office. About 73,000 coupons for canning sugar are expected to be issued to residents of this area.

Manistique — Bethel Baptist church is observing the 60th anniversary of its organization with three days of special services.

20 YEARS AGO

Garden — Miss Leola Farley, of Garden, won a silver emblem for unusual speed and accuracy in a national machine short-hand contest.

## "To Break the Ice, Ask Ike if He Will Run Again"

## India's Krishna Menon Is Yogi; Insulted By Reds And Likes It

PREVIEW OF PEIPING: India's Krishna Menon dines with Red China's Chou En-lai at Bandung.

LONDON—(NEA)—There is a saying in London diplomatic circles: Wherever Krishna Menon turns up, there the world is doing its damndest to have a nervous breakdown.

Menon, who is India's representative at the United Nations, turned up in Geneva after the fall of Dien Bien Phu last summer to pave the way for the Indo-China sell-out. Although Menon was only an "observer" at the Geneva conference, he, probably more than any other man, was responsible for Red China's victory at the conference table.

Behind the scenes Menon was politicking furiously with Red China's Chou En-lai and the Viet Minh leaders. Now he is politicking openly at Peiping with Chou on the Formosa issue.

Seeing Krishna Menon for the first time at Geneva last June, a young American military attaché asked: "Who's the lean guy with the hungry look?"

Today, the world might echo this question. For despite his ubiquity, Menon still remains something of a man of mystery. He is tall, gaunt and cadaverous-looking, with silvery streaks in his long wavy hair and eyes that can glow with suspicion or smoulder with resentment.

A strict vegetarian, he neither smokes nor drinks and is a bachelor at the age of 51. The austerity of his private life would make a hermit's look merry by comparison.

This is the man whom Pandit Nehru would like to make India's Foreign Minister, if Nehru can shove him down the throat of the Indian Congress Party. So far the Congress Party isn't swallowing.

One reason for Menon's unpopularity in India is the fact that he has spent practically no time there. He arrived in England for six months' study of economics and law in 1924. He stayed for 28 years.

The British know him as a starving student, a shabby figure who lived on buns and tea in a cheap bed-sitting room while learning his economic ABC's from Socialist Harold Laski.

Later, after he had been admitted to practice at the bar, Menon continued to border on starvation, his severe nature attracting but few friends and fewer clients.

As a Socialist firebrand, Menon got his real training in the rough-and-tumble of London ward politics. He learned his slippery footwork in one of London's poorest boroughs, St. Pancras, where he served as a Socialist councillor.

For 13 years "The Yogi of St. Pancras," as he was known, led his followers a strange dance. No hunger march was complete without the gaunt Menon. He carried banners in May Day parades, wrote articles on India for the Daily Worker, preached from a soap-box a dozen Communist causes.

While whirling like a dervish through British politics of the depression, Menon never lost sight of his main goal. Indian independence. And when India won its independence in 1947 he was made its first High Commissioner in London.

As Indian High Commissioner, Menon is still a legend among diplomats. He is probably one of the few diplomats who cost his government less than a stenotypist.

Although he selected the most expensive crockery, cutlery and carpets for India House, he refused to accept a salary from the Indian government.

Although he chose a fleet of Rolls-Royce limousines for the High Commission's staff, he continued to ride on London's double-deck buses whenever possible.

Although he bought a fine house in Kensington Palace Gardens for the use of the Indian government he continued to live like a hermit in one room in India House.

At diplomatic social functions he still behaved like a spectre at a feast. While the other guests dined and dined, Menon would sit in morose silence without touching a morsel.

From Socialist councillor for the borough of St. Pancras to United Nations representative of 350,000,000 Indians is quite a span for any man to accomplish in eight years.

The Yogi now mixes with Communist Commissars like Peiping's Chou. But though he often pulls Red chestnuts out of the fire, Menon seems to have earned nothing but Communist contempt.

"At best you are dreamers, idealists," Commissar Vishinsky told Yogi Menon. "At worst you do not understand your own position and camouflage the horrible American policy."

The more the Russians insult him, the more Menon seems to like it.

## So They Say

The Townsend Plan does not propose to destroy Social Security but to improve it. Barring a war, the most important project before congress is Social Security.—Rep. James Roosevelt (D-Calif.).

Advertisers want color to catch the reader's eye and soon the reader is demanding that color in his appliances.—Victor Remington, ceramics expert.

Although both sides have atomic bombs, the Russians don't seem concerned that the war would be over in a few days. If the Russians are concerned about that, why are they building a large navy?—Vice-Adm. E. R. Mainguy, chief of the Canadian Naval Staff.

All ladies should advise their husbands and beaux what size

they are.—Designer Sophie Gimbel.

The \$64 question is: Has the Communist leopard changed its spots and carnivorous appetite and now become a milk-fed pussycat?—Sen. William Knowland (R-Calif.).

The Chinese people are friendly with the American people. The Chinese people do not want to have a war with the United States.—Red China's Chou En-lai.

We have cars that will go 120 miles an hour. But where are they going while going? They are going to the courthouse to answer a charge or maybe to meet their Maker.—Andrew J. Sordani, president of the American Automobile Association.

## Edson In Washington

By PETER EDSON

WASHINGTON — (NEA) —The United Nations international conference on peaceful uses of atomic energy, opening at Geneva, Switzerland, Aug. 8, is shaping up as a stupendous "knowledge fair" or "intellectual sideshow" unlike anything ever held before.

There will be hundreds of scientists in attendance. Eighty-four countries have been invited to send delegations. Over 50 have accepted.

At least three iron curtain countries will be there—Russia, Czechoslovakia and Poland.

There will be a sizable fringe of business promoter types kibitzing about, eager to pick up any scraps of information that might lead to a good private enterprise deal.

One of the interesting sidelights of the early planning is the story of how one young American enterpriser, Gordon Molesworth, has put over a separate commercial exposition for American manufacturers of machinery, equipment and supplies used in the production of atomic energy.

The actual U. N. conference is to be held at the Palais des Nations out at the edge of Geneva in the old League of Nations ground.

The American low-power, ten-kilowatt reactor will be built under a temporary shed out there. It will show the scientists from other countries who have never been near a chain reaction, just how one works and is controlled.

After the conference, this reactor will be sold to the Swiss government and a deal will be made to lease the uranium-235 which powers it for peacetime operations, subject to being brought back to the United States in case of war.

In addition to this reactor shed, there are 4000 square feet of exhibit space where the official delegations of the attending nations can display whatever they have to show. This is really no room at all.

The U. S. Information Agency's picture exhibit on "Atoms for Peace," which has been seen by literally millions of people in many free countries, takes more space than that. At Geneva, this exhibit will be open to the general public down town at the Geneva Exposition Hall.

This being the general space situation, Gordon Molesworth, a former employee of the U. S. Atomic Energy Commission at Oak Ridge, Tenn., got the idea that American manufacturers might like to show their goods at an atomic fair.

On his own he made a flying trip to Geneva, contracted for more exhibit space, came back to New York and in no time at all had resold it to American exhibitors.

No atomic weapons and no atomic energy processes that are secret, of course, will be on display at Geneva.

One of the big assignments at the U. S. Atomic Energy Commission headquarters in Washington now is the clearing of information to be presented by the U. S. This is being done under new security provisions of the revised atomic energy law of 1954.

Most of the information given out at Geneva will be in 320 programmed scientific papers that will be read. There will be simultaneous translation in four languages. Much of this will be in language so technical as to be incomprehensible.

In addition, hundreds of papers not read will be printed and distributed. Attending countries have been invited to submit titles and abstracts of papers they wish to present.

American scientists have already turned in 1100 and 189 have been cleared. They come from universities, government agencies, and private industry research scientists.

Russia has submitted 100 titles, Great Britain 100 and France 70. There will probably be high interest in the Russian papers. They will reveal how much or how little the Communist scientists know about the atom.

In general, the subjects will cover three main fields:

The economic aspects of atomic energy production. What it costs. Where the raw materials are and the supply available.

The future of atomic energy. What it can do in medicine, agriculture, nutrition, research and industry.

The hazards of atomic energy. Protection of the public and disposal of wastes.

Dr. I. I. Rabi, U. S. representative on the Geneva conference, and Dr. George L. Weil, head of planning for American participation, are now in Geneva with a team of experts completing arrangements for the program. They will return in early June, when the ball will really begin to roll.

The man who trusts men will make fewer mistakes than he who distrusts them.

The man who doesn't read has no advantage over the man who can't read.

Some dumb waiters are pulled up by a rope while others simply don't deserve a tip.

## Try And Stop Me By BENNETT CERF

Senator Alben W. Barkley quotes with relish Irvin Cobb's story of an old newspaper colleague, a garrulous, opinionated female not conspicuous for personal tidiness. In a rare burst of self-deprecation she told Cobb, "I've turned into just a wishy-washy old woman."

"Yop may be wishy," admitted Irv, "but you're certainly not washy."

If you'd like to hear about some of the damnest varieties of fish under the sun—or at least under the surface — Eugene Clark's "Lady with a Spear" is the book for you. She tells about one fish that has double eyes, enabling it to see either in the air or in the water, another which, at full growth, is considerably less than one inch long, another that squirts poison at its enemies through a hypodermic-like syringe. Then there's the razorfish, which

swims standing on its head, and queerest of all, the pipefish, of which the male, believe it or not, has the babies!

## The Doctor Says . . .

## Infection By Pinworms Is Worldwide Problem

By EDWIN P. JORDAN M.D. — Written for NEA Service

One estimate has been made to the effect that some 18 million persons in the United States and Canada and about 208 million in the entire world harbor the pesky pinworm or seatworm in their intestines. Whatever the figures, many correspondents have written me that their families almost drives them to distraction.

Pinworms are more common in children than grownups, especially among those in large families or in those living in institutions. Infection is comparatively rare in families in which separate bedrooms are used.

This is because the worms get on the bed linen, pajamas and other clothing and are picked up by others who come in contact with such objects. When children live in an institution or dormitory, or when several use the same bedroom, the spreading of the worms from one person to another is hard to avoid.

The eggs from pinworms are usually laid on the skin and mucous membrane near the outlet of the bowel. This causes severe itching. In fact, the itching can be so bad that it produces nervousness, sleeplessness, and even convulsions. The exact diagnosis must be made by taking swabs from the

place where the worms are likely to be and examining the material under the microscope.

Infection with pinworms is frequently confused with other parasites and the diagnosis must be clarified by accurate examination. Once this has been done, proper treatment can be started.

Drug treatment has been extensively used with satisfactory results in some and not in others. Investigation of different preparations goes on and it is encouraging to note that several preparations new to use in this field are showing a good deal of promise and resulting in a high cure rate.

If an outbreak of infections with pinworms is discovered, treatment should be prompt and thorough. Those who are merely exposed as well as those who have definite signs of worms must be given information on hygienic measures. Careful and frequent washing of the hands with soap and water is the most important.

Once established, pinworms rarely or never disappear without treatment as many people have discovered for themselves. It looks as though it would be a long time before they can be entirely eliminated from their unwilling hosts.

# Clarence Sayen Is Commencement Speaker At Rock

ROCK — A Rock graduate of 1936, Clarence Sayen, delivered a brief but inspiring message to the graduates of 1955 during commencement exercises at the Rock High School Thursday evening. Seating capacity was filled to overflowing as friends and relatives, many from out of town, gathered for the program.

Patricia Lusardi, salutatorian, and Helen Hallinen, valedictorian, presented short but interesting talks before Supt. George Weingartner, master of ceremonies, introduced the main speaker of the evening.

**Unlimited Opportunities**  
Mr. Sayen, president of the Air Lines Pilots Association, Chicago, and president of International Pilots Association for the third successive year, pointed out how America plays an important part in national and world affairs and how opportunities are unlimited and world wide. American industries are expanding to all parts of the world, he said. People are needed to set up and operate them and introduce our ways of life to other countries.

"This is a changing world," he said, "and we have to keep learning and change with it. One's education is never finished, for if one stops learning, he will grow stagnant. Education is life itself. Opportunities are so many, we can set our own limits. Education is also unlimited except by our own imagination."

To illustrate at what pace of the day, he told of a trip he made to Korea a few years back to investigate certain conditions. He with a staff, left Chicago, flew to San Francisco, Hawaii, Wake Island, Japan, Alaska, Seattle, Los Angeles and back to Chicago checking, investigating and report-

## Mrs. Rivers Taken By Death

Mrs. Zania Mae Rivers, 54, of 543 W. Michigan Ave., Battle Creek, former resident of Escanaba, died at 2:45 a. m. Monday at St. Francis Hospital. She was taken seriously ill while visiting here and was admitted to the hospital Saturday.

Funeral services will be held at 1:30 p. m. Wednesday at the Anderson Funeral Home Chapel with Elder Rex Stowe officiating. Burial will be in South Ford River Cemetery.

Friends of the family may call at the funeral home beginning today.

Mrs. Rivers was a former supervisor of the Escanaba City Recreation Department and she also held the position of Upper Peninsula WPA Recreation director. Before leaving Escanaba she was in the grocery business in partnership with the former Julia Henderson.

She was a member of the Baptist Church and a former member of the Escanaba Business and Professional Women's Club.

She was born Aug. 2, 1900, in Ford River.

Surviving are a daughter, Mrs. Garrett Cramer, Battle Creek, two grandchildren, two sisters, Mrs. Nick Cramer and Mrs. George Sault of Battle Creek and two brothers, Milburne Bergeon and William Bergeon, Kalamazoo.

## Large Crowd At Hermansville For Memorial Services

HERMANVILLE—Over 300 persons turned out Monday morning to witness the Memorial Day exercises sponsored by Leo Floriano American Legion Post 340.

Among the large turnout were many former residents of the community and visitors. They heard Arne B. Johnson, superintendent of the Hermansville Schools, deliver the key address in a stirring 20 minute talk. Johnson went back to the year 1812 and covered the five wars to date.

The Leo Floriano Drill team, in snappy uniforms put on a sparkling display, paced by Lester Lauecher, commander. Steve Tomasic served as chaplain, and Frank Rodman gave the roll of deceased veterans. Clifford Gustafson served as officer of the day. The Hermansville High School Band, led by William P. Jacka, played three selections including "The Star Spangled Banner" at the cemetery.

Floriano Post also participated in services at the Faithorn cemetery at 9 a. m.

At the conclusion of the services the veterans and the band were feted at a lunch served by the Ladies' Auxiliary unit at the Community Club.

The roll call of deceased veterans of the Faithorn and Hermansville area was: Leo Floriano, Sidney Andrews, Charles E. Saxe, Reuben Yale, J. K. Parish Sr., J. K. Parish Jr., Paul Allasio, John Baldon, Carl Mayer, Anthony Framarin, Art Taylor, Henry Young, Joseph Prospero, Chris Johnson, Tony Revord, Sam St. Onge, Clyde Gamache, Andrew Faccio, Ray DeMelle, Sonny Fetzette, Mr. Conrad, Eval St. Juliana, Chester Papineau, Warren Good, Patrick Kelly, Alvin Gaede, Douglas Raid, and Warren Kelly and Clifford Bruley.

## Wall Street

NEW YORK (AP)—Weakness in air crafts sent the stock market down today in the early afternoon.

Aircrafts were off one to around three points frequently. Losses in the rest of the market seldom passed a point.

Among declining stocks were north American Aviation, Glenn Martin, Boeing, Bendix Aviation, General Dynamics, Republic Steel, Chrysler, Distillers Corp., RCA, Phelps Dodge, Allied Chemical, American Tobacco, Chesapeake & Ohio, Texas Co., and U.S. Gypsum.

U.S. Steel, Consolidated Natural Gas, Homestead Mining, Pennsylvania Railroad, and 20th Century-FOX.

## Hoover Report Calls For More Federal Spending

(Continued From Page One)

ease and other fields, the commission told Congress:

"We must make sure of general support to this field which daily demonstrates such potential benefits for mankind."

The commission also held that U.S. weapons development is "not sufficiently daring and imaginative" in its approach to "radically new weapons and weapons systems." It said most of the major accomplishments have been inspired by the "informal prodings" of civilian scientists.

**Work For Colleges**

Most of the 50-page report was devoted to recommended reorganization within the military establishment to eliminate duplicating efforts by the Army, Navy and Air Force, and to strengthen the military research and development staffs both in quality and numbers.

It proposed also that the armed forces gradually transfer to colleges, nonprofit institutions and industrial concerns much of the research now done directly by the government. Work costing 125 million dollars a year might advantageously be shifted, the report said.

The report was based on a study by a task force subcommittee headed by Dr. Mervin J. Kelly, president of Bell Telephone Laboratories, Inc.

It disclosed that 8,000 projects are under way in the federal research program which will cost \$2,050,000,000 in the next fiscal year. Military outlays are estimated at about \$1,400,000,000.

## Information Booth Has Busy Weekend

The Delta County Tourist Association tourist information booth at 23rd and Ludington Streets had a busy weekend, reports E. B. Janett, secretary of the association, answering the inquiries of hundreds of visitors.

Inquiries ranged from "Where's the best fishing?" to "What's the shortest way to get to Kennebec, Maine?" The booth, one of three operated by the association in the county, opened May 21.

## Plane Crashes In Menominee County; Passengers Shaken

MENOMINEE—A pilot and his two passengers of Melrose Park, Ill., escaped serious injury Monday when the plane in which they were riding made a forced landing and was wrecked in a plowed field in the Shaker Lakes area of Menominee County.

The passengers were Mr. and Mrs. Robert Schulz of Melrose Park, Ill., and the plane was piloted by Anthony D'Angelo of Oak Park, Ill. Mrs. Schulz was taken to the hospital at Menominee for treatment of shock.

The downed plane was discovered by Civil Air Patrol Pilot Ted Axtell while he was searching for signs of a jet fighter reported down in the Wisconsin area May 21.

Axtell reported to his superior, who notified the sheriff's office at Menominee. Officers rushed to the scene but at first could not locate the occupants, who had walked to a nearby farmhouse.

Officers said the forced landing would have been successful if the plane had not overshot a grassy field and struck a plowed area.

## Noel Derouin Wins Road-eo

Noel Derouin, Escanaba High School student and son of Mr. and Mrs. Philip Derouin, 1201 N. 18th St., won the Escanaba Junior Chamber of Commerce Road-eo Saturday at the City Hall parking lot.

Dennis Deloria, Holy Name high school, placed second and Bill Bolm of the Escanaba High School placed third. Each will receive a trophy.

Derouin will compete in the state Road-eo to be held June 4 at East Lansing.

## Briefly Told

**Iron Ore Handlers**—A meeting of Iron Ore Handlers, local 400, will be held Wednesday, June 1, at 7 p. m. at the Unity hall.

**Recuperating From Fall**—Mrs. Frances LaCrosse, 430 S. 12th St., is recuperating at the home of her son and daughter-in-law, Mr. and Mrs. Herbert LaCrosse, 2008 Ludington St., from a fall which she suffered Friday. No injuries, outside of shock, resulted from the fall.

**Escanaba Commandery**—A regular meeting of the Escanaba Commandery 47 and the Ladies Auxiliary will be held this evening at 7:30 at the Masonic Temple.

**Plan For Reunion**—All local members of the graduating class of 1930 of Escanaba Senior High School are requested to meet at the Dells Supper Club Wednesday, June 1, at 8 p. m. Plans for a class reunion will be made at the meeting.

**Ember Days**—Wednesday and Saturday of this week are Post-Pentecostal Ember Days for those of the Catholic faith and will be observed with fast and partial abstinence. Confessions for First Friday Communions will be heard in the Catholic churches at the usual hours Thursday and the Masses Friday will be at the regular time.

**Escapes Injury**—James Rouman, Escanaba High School baseball coach, escaped injury Saturday when his car overturned south of Harris. Rouman was enroute to Norway to attend a dinner honoring Coach Allan Ronberg of Norway High School.

## Isabella

Dr. Ed Davis of Pittsburg is a house guest of the Gust Soderbergs.

Ida Nelson, daughter of Mr. and Mrs. Helmer Nelson, received the Garden Legion Post scholastic honor award.

Mr. and Mrs. Arvid Sundin and Mr. and Mrs. Al Asplund attended the Magnuson-Olson wedding at Marquette Saturday. The bride, Barbara Magnuson, is a daughter of Mr. and Mrs. Paul Magnuson.

Mr. and Mrs. Harvey Sundin and Mrs. Julia Sundin visited William Venette and Mrs. Gust Soderberg, patients at Schoolcraft Memorial Hospital, Manistique.

Bethany Sunday School PTA will meet at the church Thursday evening, June 2.

## War Veteran Gets His Diploma At 107

Crestview, Fla. (AP)—Florida's last surviving Confederate war veteran, William A. Lundy, had a crisp new high school diploma to frame and hang on his wall today.

The 107-year-old veteran, and honorary member of the Crestview High School senior class which was graduated Monday night, marched up with his 58 classmates—including two of his great-nieces—to receive the diploma.

"I'm going to have it framed, hang it on the wall and I might start teaching school," he said.

## NOW! life insurance protection for your family during vital years...

Then all premiums  
returned plus dividends

Yes... this is now possible through modern life insurance planning with the SUN LIFE ASSURANCE COMPANY OF CANADA, one of North America's leading life companies. The new Sun Life Security Fund "insurance or money-back" plan enables you to provide life insurance protection for your family until you are 65 with a guarantee that, if you live to 65, all the money you paid will be refunded to you in full... plus accumulated dividends.

Or... the proceeds at age 65 can be (a) used to provide an annuity; (b) left on deposit with a guaranteed rate of interest; (c) used to purchase a paid-up policy for the original sum assured, with a balance which can be taken in cash or as a guaranteed income.

Call the Sun Life representative in your district for more information about the Sun Life "money-back" plan, or mail this coupon today.

Mrs. S. E. Decker, 416 S. 12th St., has been released from St. Francis Hospital where she was a medical patient during the past week.

## Christian Science Lecture Presented Here On Monday

Elisabeth Carroll Scott, C.S.B. of Memphis, Tenn., yesterday presented a lecture, "Christian Science The Way of Dominion" in the Christian Science church edifice, 325 S. 13th St. Mrs. Scott is a member of the Board of Lectureship of the Mother Church, The First Church of Christ Scientist, Boston, Mass.

Excerpts from Mrs. Scott's lecture follow:

"There would seem to be a trend in the world today to deprive all men of individuality and to deny them the right to think and act for themselves. Certain Eastern philosophies teach that the extinction of man's individuality is the highest hope that can be offered to a human being. One of the chief doctrines of the totalitarian state is that the citizen must subordinate his conscience, life, and intelligence to the dictates of the state, and has no right as an individual to control himself.

"Christian Science takes a diametrically opposite view: it honors true spiritual individuality, because God possesses individuality and identity; therefore, man, as His expression, reflects spiritual individuality. This is made manifest as individual, immortal men and women in Science.

"Christ Jesus expressed, demonstrated, and revealed the Christ. However, he recognized that the world was not yet ready for all he had to give, and he promised that the Comforter or final revelation of Truth would be sent by the Father and would lead humanity into all Truth. This revelation has come in our time; it is called Christian Science. It has been revealed through a woman, Mary Baker Eddy, and through her text-book, 'Science and Health with Key to the Scriptures,' wherein is found the Science of the Christ.

"Science and Health is not a book of dogmatic theories. It explains God's nature and makes plain His purpose and plan for His creation. It brings Truth within reach of every stage of human consciousness, from the child to the sage. It is practical and redemptive on every level of human thought.

"Its author, Mrs. Eddy, as a devoted follower of the Master, Christ Jesus, perceived as no one had before, the import of his life-work. She loved her fellow men as Jesus had loved them. Her spiritual perception, her nearness to God, enabled her to receive the revelation promised by Christ Jesus, and her measureless love for her fellow men gave her the courage and self-sacrifice necessary to give this revelation to the world.

"Mrs. Eddy based her discovery upon the King James Version of the Bible. Everything which she gives us in Christian Science is based upon its inspired word. Students of Christian Science—and cherish the Bible. They study it daily. They ponder it and strive to understand and to be obedient to its inspired commands.

"Through prayer we learn to claim and prove our unity with God. When the disciples asked Jesus, 'Lord, teach us to pray' (Luke 11:1), they voiced a longing deep in the human heart, a longing common to all men; though many of them are as yet unaware of it. Christian Science satisfies this longing. It teaches those who come to it how to attain dominion through prayer. It teaches them how to pray and how to pray effectively."

On Ellesmere Island, near the North Pole, the sun never sets for 147 days and never rises for 145 days during the year.

## Company Delays Reply To Ford Union Proposal

(Continued From Page One)

in the Ford "package" that incorporate what the company calls its "partnership in prosperity" plan. They are the Ford stock participation, income stabilization and separation allowance plans.

The vote would be taken by an independent agency within two weeks.

The current contract would be extended on a day-to-day basis, and negotiations would continue on other parts of the contract.

The result of the vote would bind both parties to negotiate which ever plan the employees pick.

**Demands Trimmed**

The company's offer includes a provision for employees to buy Ford stock at half price. Interest-free loans for laid-off workers are also part of the offer.

Reuther wrote Ford: "If the company is willing to accept the (vote) proposal... the union will agree... to accept a modification of its guaranteed annual wage plan that can be financed with the 12 cents per hour (per employee) that the company has offered to finance its stock participation, income stabilization and separation allowance plans."

Company spokesmen declined to confirm or deny the cost estimate. The UAW already has reduced its annual wage demand from 100 per cent of take-home pay to 80 per cent of gross pay for a 40-hour week.

The union proposal apparently took company negotiators by surprise.

**Offer Advertised**

Only Saturday, in a letter to Reuther, Ford has said it would be an "unforgivable error" if the Ford workers were not given an opportunity to judge the company offer which union leaders had rejected.

"We agree," Reuther said Monday.

"We propose, since the Ford workers are most directly concerned in this matter, that they be permitted to decide which method, in their judgment, best meets their needs," he wrote.

Thus far, the company has indicated no willingness to accept the principle of the guaranteed annual wage.

In full-page advertisements prepared for today's newspapers in cities where Ford has plants, the company outlined its entire proposal and asked workers to "judge for yourself the benefits offered... for your security."

It repeated that if the UAW gets a more favorable contract with General Motors Corp., Ford is willing to make its offer "equally favorable."

The Ford "package" offer is said to be similar to one offered a week ago by GM, which also is bargaining with the union on a new contract.

## Fliers Freed By Chinese Reds Start For Home

(Continued from Page 1)

Sweden and India. Hammarskjold and Indian foreign policy expert V. K. Krishna Menon both made trips to Peiping to see Chinese Premier Chou En-lai.

U.N. officials said a letter from Chou to Hammarskjold had raised hopes of early release for the remaining 11 fliers. Reports from Washington said Menon also had advised the State Department that the freeing of the four airmen was only the first step the Peiping regime plans to ease Far East tensions and improve relations with the United States.

The four released men are all jet pilots. They were captured individually after being shot down in combat. The Red Chinese said all were taken inside Manchuria. U.S. military authorities said they had been downed in North Korea while on missions near the border.

**Manchuria "Neutral"**

Red China has maintained that her soldiers fighting in Korea were volunteers and that Manchuria, therefore, was a neutral country, immune to attack.

U.N. airmen fighting in the Korean War were under orders not to cross the Red Chinese frontier. But officers said many air battles were so close to the border that a falling plane or parachute could have drifted across the Yalu River into Manchuria.

The Peiping radio broadcast disclosing the release of the four said all had made flights across the Yalu "under orders" to attack Red Chinese aircraft or to "perpetrate harassing and provocative activities."

"After capture," it added, "all the defendants admitted the facts given above."

"Taking into consideration the fact that the defendants were only carrying out the orders of the United States military authorities and have all admitted their crimes and expressed remorse since their capture, they are therefore being treated with leniency," the broadcast verdict said.

**Students Not Detained**

Informed sources in New Delhi said Menon had told Western diplomats the Red Chinese were releasing only a small group of airmen because the United States had not given permission for all Chinese students at U.S. colleges to return home.

In Washington, however, the State Department said that every Chinese student in the United States who has expressed a desire to return to China has been cleared. Most of them, perhaps all, are on their way home, these officials added.

The students were among several thousand Chinese attending American colleges and universities when the Korean War broke out. Most of these, U.S. officials

## Sgt. Pack To Speak Here Wednesday On National Defense

Sgt. William Peck of the Ground Observer Corps at Green Bay will speak here Wednesday at 7:30 p. m., at a meeting in Club 314 (Recreation Center) on the subject of the nation's defense in the event of enemy attack by air.

Sgt. Peck will use models to demonstrate weapons and protective devices our nation will use if an air attack should be launched against the United States.

The public is invited to attend and all Ground Observer Corps members are expected to be present.

## Menominee Firm To Get German Cement

MENOMINEE—A Menominee firm soon will receive what is believed to be the first cargo of European cement ever to be delivered at a Great Lakes port.

Because of a critical shortage of American cement, Limestone Products Company of Menominee placed an order with a West German firm. The cargo of about 1,375 tons was to be loaded at Bremen last week and will arrive in Menominee about June 20.

The ship, SS Clandra, will carry the cement through the St. Lawrence Waterway into the Great Lakes.

said, decided to stay in the United States. Of those who wanted to go home, persons who had received technical training which could have aided Peiping in waging war were temporarily barred from departing.

## William Pellow Joins Father In Law Firm

BESSEMER—The law firm of Pellow and Pellow was established here when William F. Pellow took into partnership his son, William P. Pellow, who was graduated from law school in June 1954. Both father and son completed their training at the Detroit College of Law, after attendance at the University of Michigan and other schools.

# Boys Who Pushed Arterial Road Bill Deserve A Medal

LANSING (AP)—When the awards for the 1955 legislative session are being passed around a medal of honor with palms should go to the little band which pushed through the new arterial highway program.

The medal should be awarded for giving Michigan a big boost toward highway progress. The palms are for beating one of the most powerful lobbies in Michigan—the county road commissions.

So the following are nominated for the awards: Gov. Williams, Sens. Creighton R. Coleman (R-Battle Creek) and Haskell L. Nichols (R-Jackson), Reps. Thomas M. Burns (R-Saginaw), Richard G. Smith (R-Bay City), John J. McCune (R-East Lansing) and Ed Carey (D-Detroit), and J. C. McMonagle, director of planning for the State Highway Department.

Many men labored long and hard to put across the program, but had it not been for these few it would not have succeeded.

To measure the size of the battle and the victory, one must realize that the average legislator bows to no pressure group any

more than he does to the county road commissions.

In both Wayne County and upstate, these tightly knit political organizations swing a tremendous weight themselves and, in addition, usually are able to spur the court house politicians and the local party committees into action when they need help. The fight in the Legislature was but another round in the long battle which the county road boys usually have won—the fight over sharing state gasoline and license taxes.

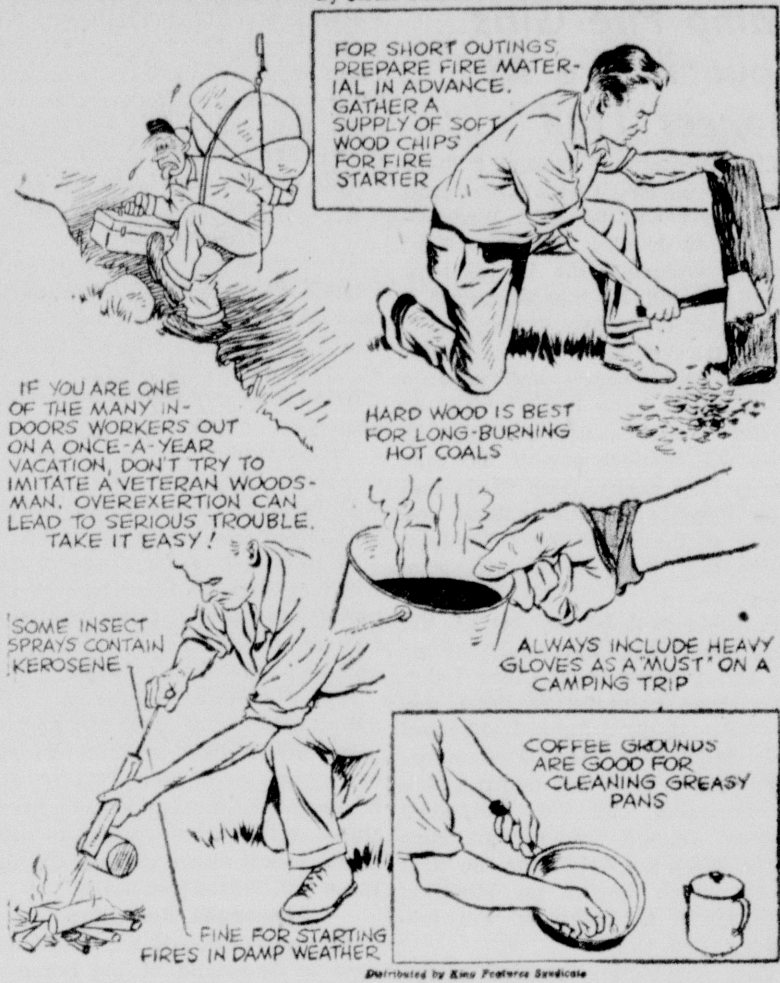

At present, these lads and their city brethren take the majority of the state—collected revenues for themselves and give the state the minority portion.

Actually, the rural areas and northern Michigan are not as badly hurt as they think they are because the special funds raised under the new program will relieve other state funds to be used on less important roads.

But the county road commissions were fighting for the principle that they are boss, that they decide how the money is to be divided and that no one can disobey with impunity.

## Nixon Will Attend Detroit Convention

DETROIT (AP)—More than a dozen administration officials, senators, congressmen and governors, headed by Vice President Richard Nixon, will take part in the Young Republicans' national convention here June 15-18.

More than 1,600 delegates and alternates representing 500,000 Young Republicans are expected. Convention chairman Allan Miller said the meeting will be the biggest in the organization's 23-year history.

Adoption of a platform will be one of the hottest issues.

## Leone Caswell, Carl J. Davis Wed In Gladstone

In a double ring ceremony at All Saints' Church in Gladstone Monday, May 30, Leone Johnson Caswell of Escanaba became the bride of Carl John Davis of Gladstone. Father Matt LaViolette solemnized the service at 9 a. m.

The bride is a daughter of Mrs. Gretchen Johnson of 626 S. 12th St., and the late Charles P. Johnson. Mr. Davis is a son of Mrs. Leslie Davis, 1201 Superior Ave. The afternoon reception from 2 to 5 was held at the Dells Supper Club.

### Blue Lace Gown

The bride, given in marriage by her brother, Carlton P. Johnson, wore a light blue lace gown with light blue accessories. She carried white carnations and roses on her prayer book. Pink net over taffeta fashioned the gown worn by Miss Irene Roberts of Gladstone. A cousin of the bridegroom, who was maid of honor. A matching headpiece and mits completed her attire and she carried a colonial bouquet of pink carnations and snapdragons. Mrs. Pat Cannon, bridesmaid, wore a yellow net over taffeta with a yellow net headpiece and mits. Yellow flowers were in her colonial bouquet.

Mr. Davis' best man was his cousin, Raymond Roberts. Pat Cannon was groomsman and the guests were seated by Robert and William Roberts.

Mrs. Johnson wore a navy blue suit with matching accessories for her daughter's wedding. Mrs. Davis' suit was powder blue linen and her accessories were white. Both mothers wore corsages of pink roses.

### Assisting At Reception

Assisting at the reception were Mrs. Rod Kittner, who poured. Mrs. Larry Belongie, who presided at the punch bowl. Mrs. William Davis who served the wedding cake and Mrs. Arch Plant and Miss Gayle Caswell who were in charge of the guest book.

Mr. Davis and his bride will be at home after June 10 at 1304 Lake Shore in Gladstone. For going away the bride wore a powder blue suit with navy accessories. The new Mrs. Davis is a graduate of Escanaba High School and the County Normal and formerly taught in the county schools. Mr. Davis, a graduate of Gladstone High School, is with the Soo Line.

Guests from Detroit, Pontiac, Chicago, Drayton Plains, Kingsford, Marinette, Rapid River and Perkins attended the wedding.

## Golf And Supper Holiday Program At Highland Club

A holiday, perfect weather and a record crowd combined to make the Memorial Day program at the Highland Golf Club a gala affair. A two-ball foursome began at 2 p. m. Mrs. William Call and Larry Maloney had low score of the day and Mrs. C. G. Friets and Rodger Murray, second low.

Special prizes went to Mrs. I. R. Peterson and Earl Brown. Mrs. Elmer Howard and Vernon Wicklander and Mrs. Robert Owen and Andy Anderson.

A buffet supper was served at 6.

Mr. and Mrs. Lawrence Erickson were chairmen and Mr. and Mrs. Ed Hengesh, assisting chairmen of the committee.

More people get more news from newspapers than from all other sources combined.

### New Light on Prayer

Most people would pray more if they felt they knew how, — and knew how prayer could really be effective. Many today feel that their own lives, and the world at large, sorely need help that human effort has not brought.

They see that somehow the answer to life's perplexing problems must be sought where power and intelligence have their limitless, beneficent source — the realm of God.

Today a remarkable book, the Christian Science textbook

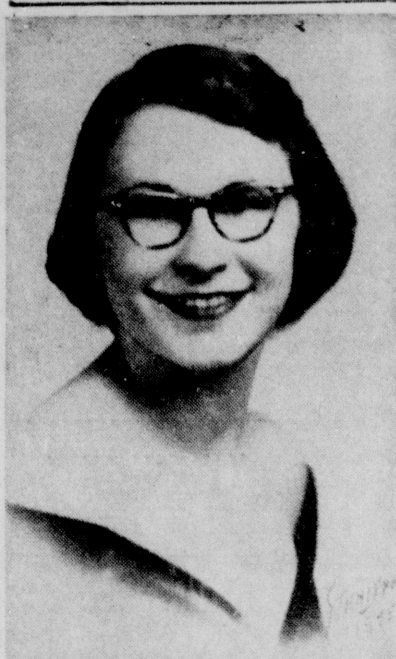

SCIENCE AND HEALTH  
WITH KEY TO THE SCRIPTURES  
by Mary Baker Eddy

is reverently revealing a wholly new understanding of prayer, and meeting humanity's need. This great book may be read, borrowed or bought at

the Christian Science Reading Room, 325 S. 13th St., Escanaba, Mich., Open Wednesday, 2 to 4 p. m.

Information concerning church services, Sunday School and free public lectures also available.

# Women's Activities

## Youth Leaders Are Announced By Hancock Pastor

The Rev. Harold W. Diehl of Hancock announced to the Methodist ministers of the Upper Peninsula at their Spring Conference in Calumet the results of the election of officers for the Marquette District Methodist Youth Fellowship. Some 1,500 young people from the more than 80 Methodist churches in the district cast their ballots to name their youth leaders for the coming year.

The executive officers are: president, Alden Lindstrom of Marquette; vice-president, Bruce Crawford of Sault Ste. Marie; secretary, Karel Knudsen of Gwinn; and treasurer, Patricia Howlette of Munising.

Chairmen of the various aspects of program work for the M.Y.F. of the district are as follows: Christian Faith, Beck West of Marquette; Christian Witness, Patricia Hampton of Negaunee; Christian Outreach, Elizabeth Trondson of Ishpeming; Christian Citizenship, Paul LaDue of Gladstone; and Christian Fellowship, Danny Roseberry of Laurium.

The newly elected youth cabinet will journey to the Lake Huron Methodist Youth Camp for the Detroit Conference Youth Assembly the last week in June. At the assembly the officers of the six district in the Detroit Conference will receive intensive training in their particular area of responsibility. They will learn of the program of the Methodist Youth Fellowship for the coming year, and find ways of assisting the various local youth groups to better their work and worship. In the immediate future, the officers will plan and carry out the Marquette District Senior Youth Camp at Michiganam Methodist Institute from July 8 to 16. At the conference in Calumet, the Rev. Charles F. Wolfe of Marquette, district superintendent, announced the appointment of the Rev. Eric S. Hammer of Stephenson, as the assistant district youth director for the 1955-1956 year.

## Church Events

**Covenant Chorus**  
The Ladies' Chorus of the Ev. Covenant Church will meet for rehearsal Wednesday at 7:30 p. m.

**Christian Science Society**  
The way to healthier, happier living through spiritual understanding of God as the only real creative power will be brought out at Christian Science services this Sunday.

The Lesson-Sermon entitled "God the Only Cause and Creator" includes the account of Christ Jesus' healing of the centurion's servant who was "sick of the palsy, grievously tormented" (Matt. 8).

Baldwin home, 1410 5th Ave. S. Mr. Baldwin, a University of Michigan student, will join his family today or tomorrow, and they will spend the summer months here.

## Paul S. Menard Fraternity Pledge

Paul S. Menard of 213 S. 16th St., Escanaba, a student at the University of Michigan, has been pledged by Delta Chi fraternity. The 42 fraternities at Michigan have been holding open rushing the past three months and have pledged a total of 40 new members, bringing the total of pledges for 1954-55 to 801.

## Bridge League Closing Party Saturday Night

Members of the Delta Bridge League will be guests of the League at a final bridge party at the House of Ludington Saturday evening, June 4. Progressive bridge will be played in the Marine Room, starting at 8 and, at the close of play, members will participate in the House of Ludington smorgasbord. Members may bring guests by making arrangements with the committee, Mrs. Fred Hoyley, Mrs. F. J. Earle and Mrs. H. W. Lundmark.

The committee is desirous of making up complete tables for the evening's play because no provision can be made for "sit-out" pairs in a progressive bridge game.

Reservations must be in by 8 p. m. Friday, June 3.

The League closed its regular season of duplicate play during the weekend with a master point game which was won by Mrs. H. W. Lundmark and Mrs. J. S. Sword.

Pairs scoring 50 percent or over at the session were:  
1—Mrs. H. W. Lundmark-Mrs. J. S. Sword, 60.00  
2—Mrs. J. A. Lemmer-Mrs. L. P. Treiber, 59.58  
3—Mrs. B. M. Howe-Mrs. Kibby Treiber, 56.25  
4—Mrs. L. S. Bowe-Mrs. Anna Kraus, 55.00  
5—Mr. and Mrs. J. W. Ferguson, 52.08  
6—Mrs. C. E. Johnson-Mrs. Joseph Richards, 52.08  
7—Mrs. F. J. Earle-Mrs. J. L. Temby, 50.83  
8—Mrs. Fred Hoyley-Mrs. C. W. Murdock, 50.00  
8-9—C. W. Murdock-J. L. Temby, 50.00.

## Camp Fire Girls Council Fire At Pioneer Trail

The 17th annual Council Fire of the Bay de Noc Council of Camp Fire Girls will be held Wednesday, June 1, at Pioneer Trail Park. "Wohelo," the Camp Fire greeting, will be the theme of a torchlight ceremony.

Members of the board of directors of the Council and parents of the girls have been invited to attend the ceremonial at which 13 girls will achieve one of the four Camp Fire ranks. Blue Birds and their parents will also attend and some of them will be "Flyups," graduating into the Camp Fire program.

A table will be set up at the park to take final registrations for Camp Winkwela at Clear Lake. The three camping sessions will be July 11-16, July 17-23, and July 24-30. Non-Camp Fire members may attend this camp which is managed by the Chippewa County Council of Camp Fire Girls. Fees are \$17.50 for the first week which begins on Monday, and \$18.50 for each of the following two weeks.

The Nowetompamim group will hold its own picnic potluck at the grounds for parents and sponsors at 6, before the ceremonial which is scheduled for 8.

## Hospital Auxiliary Meets Wednesday

St. Francis Auxiliary will hold its final meeting of the year Wednesday at 2 p. m. in the Doctor's Room of the hospital. The board of directors will meet at 1:30 p. m. Auxiliary meetings will be resumed in September.

## Personals

Mr. and Mrs. Walter Secosh of Milwaukee and Mrs. William Breitenbach of Pewaukee Lake have returned to their homes after spending the Memorial Day weekend at the home of Mr. and Mrs. Fred Breitenbach, 1501 Sheridan Road. Mrs. Secosh is a sister and Mrs. William Breitenbach is the mother of Mr. Breitenbach.

## Miss Fredricksen, Roger W. Plasa Wed In Milwaukee

Miss Maxine Ann Fredricksen, daughter of Mr. and Mrs. Max Fredricksen, 517 S. 12th St., became the bride of Roger William Plasa of Milwaukee in a double ring wedding ceremony at Sts. Peter and Paul Church rectory, Milwaukee, Saturday, May 28. Father Huber officiated at the 9 a. m. nuptials.

### Attendants

Maid of honor was Miss Donna Farrell, Escanaba, while acting as best man Mr. Plasa, son of Mr. and Mrs. Norbert Plasa, Milwaukee, was Ralph Klivenow.

The bride was attired in a white afternoon dress, styled with a sweetheart neckline, with pink accessories. Her shoulder corsage was fashioned of a white orchid, pink roses and white pompons.

A pink afternoon dress with white accessories was worn by the honor attendant. Complementing the ensemble was a pink orchid and white pompon corsage.

Mrs. Fredricksen attended her daughter's wedding in a rose two piece orlon dress with a corsage of white carnations, while the bridegroom's mother wore a green sheer orlon dress with a sage green jacket and a corsage of pink roses and white pompons.

### Escanaba Reception

An early wedding reception was held in Escanaba at the home of the bride's parents. Assisting at the reception were Misses Kathryn Jerow, pouring, and Jeanette Farrell, serving cake.

The newlyweds will make their home in Milwaukee. Mrs. Plasa is a graduate of Escanaba Senior High School, while the bridegroom graduated from Lutheran High School, Milwaukee.

Out-of-town persons at the wedding ceremony were Mr. and Mrs. Charles Gehrke, Juneau, Wis.; Mr. and Mrs. Carl Leitzke and Mrs. Loretta Steinhardt, Hustisford, Wis.

## Immanuel Reception Wednesday Night

A reception for Immanuel high school seniors and for senior confirmands and their parents will be held Wednesday at 7:30 p. m. in the parlors of Immanuel Lutheran Church. Donald Nelson, student pastor of Bethany Lutheran Church, will address the group.

Classified Ads cost little but do a big job

## Social-Club Rebekah Degree Team

The degree team of Phoebe Rebekah Lodge No. 179 will meet for practice tonight at 7:30 p. m. at the Odd Fellows hall, N. 10th St.

### Westminster Fellowship

The Senior High Westminster Fellowship of the First Presbyterian Church will meet in Westminster Hall Wednesday, June 1, at 7:30 p. m. for a lesson and a social hour.

### Pension Meeting Thursday

The meeting of the National Pension Association will be held Thursday, June 2, at 2 p. m. at Grenier's Hall, instead of Wednesday, the regular meeting date. The change was made to allow members to attend the Iron Mountain Chicago & North Western Woman's Club luncheon tomorrow. A social hour will follow Thursday's meeting and refreshments will be served.

### Birthday Party

Mrs. Joseph Micheau, Escanaba Rte. 1, was guest of honor at a surprise birthday party which was given by her children Sunday, May 29. Mrs. Micheau was 62 years old.

All of Mrs. Micheau's children were present except one son, Cpl. Roger Micheau, who is serving with the U. S. Army. Those present were Mrs. Floyd St. Cyr, Manistique; Mrs. Clifford Roberts, Wells; Leon, Escanaba Rte. 1; Gordon, Escanaba, and Arnold, Joseph and Howard, all of Rapid River.

Lunch was served, and Mrs. Micheau received many nice gifts from the many relatives and friends attending the celebration.

## Busy Program At Escanaba Country Club Wednesday

A full program of activities is scheduled Wednesday for women of the Escanaba Golf and Country Club and their guests.

A dessert bridge will begin at 1 p. m. and the golf event of the day, three club threesomes will be followed by a supper at 6 at the club house.

Reservations for the supper must be made by this evening.

The supper committee is Mrs. Emerson Harvey, chairman, Mrs. Elmer Bonifas Jr., assisting chairman, Mrs. Francis Boyce and Mrs. Harry V. Hogan.

For those wonder fabric clothes that must be hung dripping, there's a new rack to go in your shower. One hooks on the rod and extends over the tub, another goes diagonally across the rod. Keeps the drips off the floor and bath mat.

## COFFEE & BEVERAGE STAINS

Remember "tannin-like" stains? We told you about them a few months back. Naturally, we know that everybody read about them, and henceforth, never has spilled any soft drinks, coffee, tea, cocktails or anything on clothes. Naturally.

Now I'd like to tell you that you can be more certain of less staining and fewer spots if you'll change just one little habit when it comes to stains. It will be easier and less work for you, too, and you'll be surer the spots and stains will come out.

Leave 'em alone. On dry cleanable garments, LEAVE 'EM ALONE. No rubbing, no wiping. Just bring them in to be cleaned as soon after staining as possible and tell us what the stuff was. We'll go to work with special digesters and spot removers, and get it out for you. Remember, rubbing only forces the stains in deeper, making them harder to get out.

And, remember that if you let them age in the closet, they'll "fix" permanently, and then you'll never get them out.

Of course, on wet-washable garments, the thing to do is to rinse the spot out immediately in clear, cool water.

You see, coffee, soft drinks, alcoholic drinks and so on contain many complex chemicals, and to monkey with them without knowing the correct remedy is only inviting trouble. It'd be just like doping out some private formula for a lubricant to go into the engine of your car. You wouldn't do that would you? So, why tamper with stains? Why not send them to us!

## City Briefs

Second Lt. John Schnurer, who recently completed studies in an engineering communications school in Fort Benning, Ga., is visiting here with his parents, Mr. and Mrs. Chris Schnurer. He will leave June 8 for Camp Kilmer, N. J., enroute to Germany for a 3-year assignment.

Mrs. Delia MacPhail has been dismissed from Schoolcraft Memorial hospital, where she was a patient for three weeks. She is convalescing at the home of her daughter, Mrs. Donald Ott.

Gary Richards, student at Ferris Institute in Grand Rapids, spent the holiday weekend here with his parents, Mr. and Mrs. Lester Richards.

Mrs. Arthur Anderson and daughter Mary, 705 Manistique Ave., have left for Baltimore, Md., where they will attend the wedding of Miss Patti Bigley and Jerry Anderson on Saturday. Mary will be junior bridesmaid at her brother's wedding. Enroute they will visit with Mr. and Mrs. Earl Bond at Detroit.

Weekend guests at the Emerald Terrace home, 514 Arbutus Ave., were Mr. and Mrs. Asa Tatrow and Mr. and Mrs. Jack Rozek and daughters, Mary Jo and Jackie, of Pinconning; Mr. and Mrs. Cecil Shaw and daughter, Bess, of Bay City, and Mr. and Mrs. Robert Tatrow and sons, Randy and Jerry, of St. Ignace.

Mrs. Vina Wilhelm, of Gladstone, visited here recently with Mr. and Mrs. Roy Hoedel, 317 N. Houghton Ave.

Mr. and Mrs. Elmer Flodin and children, Steven, Tommy and Patty, 320 Chippewa Ave., left Saturday to spend a week visiting her sister and family, the Rev. and Mrs. John Soli at Sacred Heart, Minn.

## Briefly Told

Are Held — Manistique State Police have arrested Robert Whittman, 18, of Eben, Clyde M. Johnson, 18, of Chatham, and Gerald Johnson, 18, of Eben, for possessing beer while minors. They were apprehended Friday while repairing a flat tire. The three are being held in Alger county jail pending arraignment.

Rebekah Lodge — Agnes Rebekah Lodge will meet at 8 p. m., Wednesday at the Legion Club rooms.

St. Cecilia Circle — St. Cecilia Circle will hold its dinner meeting at 6:30 p. m., Wednesday at the Paul Bunyan cook camp.

Junior Choir — Bethel Baptist junior choir will practice in the church at 4 p. m., Wednesday.

Choir Practice — Zion Lutheran choir will practice at 7 tonight in the church.

## DON'T RUSH HIM!

HARRISBURG, Pa. (P) — A burial monument dealer erected a sign at a right angle turn on Route 14 at nearby Clark's Ferry which reads:

## Students Receive Scholarships From Houghton College

Scholarships to Michigan College of Mining and Technology were awarded this week to Donald Carl Maynard and Kenneth Dixner, seniors in Manistique High School. The scholarships are for one year and are renewable for three additional years if scholastic standards are maintained.

Carl is the son of Mrs. Dorothy Maynard, 402 Walnut St., and Kenneth is the son of Mr. and Mrs. Harold Dixner, Gulliver. Kenneth also has received a scholarship to the University of Michigan, and has not decided which college he will attend.

Earlier this year, Michigan College of Mining and Technology also awarded a scholarship to Harold Pawley, son of Mr. and Mrs. Isaac Pawley. Both Pawley and Maynard plan to study civil engineering in the Sault Ste. Marie branch of the college.

## Calf Eats Weather Balloon and Dies

CHICKASHA, Okla. (AP) — Farmer Henry Cochran's calf spied a tasty-looking morsel in the pasture and took a few bites. Mrs. Cochran found the calf dead and called a veterinarian to perform an autopsy.

He found the calf had swallowed several pieces of a Weather Bureau balloon. The small metal box containing meteorological instruments was found near the calf.

It was mailed to the Weather Bureau by the saddened Cochrans.

# New Devices Spur War On Wily Crow

WASHINGTON—The wily, hard-to-scare crow, like the pesky starling, always seems to be putting man's ingenuity to new tests.

Inventive minds have recently thought up lively contraptions to frighten crows, supplanting in places the time-honored straw man whose black suit draped over crossed poles adorned so many American fields to the vast amusement of children—and possibly of crows too.

These new devices are supposed to bring an end to today's unprecedented crow prosperity says the National Geographic Society:

1. Firecrackers attached at intervals to a long, slow-burning rope. They explode every 15 minutes.

2. A white, yellow and black straw-filled burlap bag suspended from a 10-foot pole. Easily buffeted by the wind, the moving bag is expected to disturb the birds' peace of mind.

## Other Refinements

During the past decade other scarecrow refinements have been tried: plastic snakes in Ohio orchards; broadcasting of the recorded calls of distressed crows (Michigan State College); loudspeakers blaring recorded dog barks, modulated so the crows think the dogs roam about (tried in Israel); and recorded shotgun blasts and clanging anvils.

But despite all, the crow continues to flourish. In the eyes of some, the crow remains the one great American success in the bird world.

Crows seem to possess the ability to speak. They simulate laughter and utter sounds remarkably like "mama," "papa," and "howdydo." Such is their resourcefulness that they once evoked the admiration of an eminent speaker, Henry Ward Beecher. "If men wore feathers and wings," he said, "very few would be clever enough to be crows."

The recorded feats of crows are legion. One bird watched a dog chasing sticks. Soon it learned to grab the stick and fly low over the ground, enticing the dog to pursue. Another improvised a shoot-the-chute by sliding down a slanted cellar door in a baking can top. Another rejoiced in pulling clothes pins from the line when wash was hung to dry.

## Adept Thieves

Adapted in thievery, pet crows secrete silverware, thimbles,

pipes, beetles and bottle tops and sometimes forget the hiding place. Whether free or captive, crows seem arrogantly glad of their outlaw role.

Their inclination to congregate brought 200,000 nightly in past years to the Arbutus roost near Baltimore, Md., and the Arlington roost in Virginia. Sizable roosts still exist in the Middle Atlantic and Midwestern States. An area embracing central Kansas and Oklahoma holds a vast population today.

Many people in the United States consider crows marauders. Others see their engaging qualities and point to farm pests that crows help eradicate. None disputes their appetite. An investigator identified 650 different food items eaten by 2,118 crows collected in 40 States and several Canadian Provinces.

## College Hires Private Eye

SAN ANTONIO, Tex. (AP)—The Texas A&M athletic recruiting controversy flared anew today with reports that Aggie alumni had hired a private eye to investigate all other Southwest Conference members.

Texas A&M was placed on two-year probation, had its letters of intent contracts with athletes cancelled and was barred from postseason contests for violation of the recruiting rules.

San Antonio investigator who wouldn't reveal his name because he said it might interfere with his efforts, said he had been retained by former students of the college to look into the recruiting practices of the six other members of the league.

Aggie alumni have been saying ever since the conference ruling three weeks ago that other members of the conference have been guilty of illegal tactics.

Dr. F. D. Mouzan of Southern Methodist University at Dallas, president of the conference, said "that's fine" if the alumni groups wanted to investigate and added "it would be well for them to start at home."

H. and Grubbs, executive secretary of the conference, said the conference welcomed any help "that would get at the truth."

## IT'S SO EASY TO PLACE YOUR PRESS WANT AD

To sell lots, farms, pets, livestock, machinery, cars, household items, etc.

Use This Simplified Method To Figure Cost Of Ad:

FIRST—Count every word in your ad. Fifteen-word minimum.

SECOND—Multiply the number of words by \$c for one time, by 12c for three times, and by 18c for six times. This will give you the exact cost.

EXAMPLE

15 words for three times would be 15x12c or \$1.80

15 words for six times would be 15x18c or \$2.70

☐ REMITTANCE Enclosed

☐ SEND BILL

PLACE YOUR AD FOR 6 OR MORE CONSECUTIVE DAYS AND GET LOWEST RATE.

Cancel as soon as you get results. You pay for only number of days ad appears, at the current word rate.

ORDINANCE NO. 292

AN ORDINANCE TO LEVY SUCH TAXES AS MAY BE NECESSARY TO MEET THE APPROPRIATIONS MADE AND ALL SUMS REQUIRED BY LAW TO BE RAISED TO DEFAY THE DEBTS, LIABILITIES AND OBLIGATIONS OF SAID CITY FOR THE FISCAL YEAR ENDING ON THE 30TH DAY OF JUNE, 1956, AND AUTHORIZING AN AUTHORIZED CLERK OF THE CITY TO SIGN AND FILE WITH THE CLERK OF THE COUNTY OF DELTA, MICHIGAN, TOGETHER WITH SUCH PENALTIES THEREON AS IS PROVIDED BY THE CITY CHARTER.

Section 101. That there shall be raised by taxation upon all the taxable property in the City of Escanaba, at the next general city (or July, 1955) tax levy the sum of Two hundred forty-one thousand two hundred twenty-three and 29/100 Dollars for the purpose of defraying debts, expenditures and liabilities of the City of Escanaba for the fiscal year ending on the 30th day of June, 1956, in accordance with the 1955-56 budget of said City as submitted by the Board of Finance and approved by the Council, and approved.

Section 102. That there shall be raised by taxation upon and above the estimated revenue of the City from other sources at the next general city (or July, 1955) tax levy of the City of Escanaba, a sum of One hundred thirty-three thousand four hundred and thirty-nine and 1/10 Dollars, to be levied upon the budget of said City for the year 1955-56 as approved, amended and finally adopted by the Council, the following amount, viz: One hundred ninety thousand one hundred sixty-six and 38/100 Dollars.

Section 103. That there shall be raised by taxation over and above the estimated revenue of the City from other sources at the next general city (or July, 1955) tax levy of the City of Escanaba, a sum of One hundred thirty-three thousand four hundred and thirty-nine and 1/10 Dollars, to be levied upon the budget of said City for the year 1955-56 as approved, amended and finally adopted by the Council, the following amount, viz: Thirteen thousand four hundred and thirty-nine and 1/10 Dollars.

Section 104. That there shall be raised by taxation over and above the estimated revenue of the City from other sources at the next general city (or July, 1955) tax levy of the City of Escanaba, to defray the debts, expenditures and liabilities of the City of Escanaba for the fiscal year ending June 30, 1956, and to provide for the purpose of collecting and disposing of garbage within the platted portion of the City of Escanaba for the fiscal year ending June 30, 1956, a sum of One hundred and thirty-three thousand four hundred and thirty-nine and 1/10 Dollars, to be levied upon the budget of said City for the year 1955-56 as approved, amended and finally adopted by the Council, the following amount, viz: Thirty-two thousand four hundred and thirty-seven and 1/10 Dollars.

Section 105. That there shall be raised by taxation over and above the estimated revenue of the City from other sources at the next general city (or July, 1955) tax levy of the City of Escanaba, to defray the debts, expenditures and liabilities of the City of Escanaba for the fiscal year ending June 30, 1956, and to provide for the purpose of maintaining and providing for the City of Escanaba a municipal park, under the provisions of Act No. 230 of Public Acts of 1923, the following amount, viz: Five thousand thirty-nine and 89/100 (\$5,039.89) Dollars.

Section 106. That said sum of Two hundred forty-one thousand two hundred twenty-three and 29/100 Dollars for the purpose of defraying debts, expenditures and liabilities of the City of Escanaba for the fiscal year ending June 30, 1956, and to provide for the purpose of collecting and disposing of garbage within the platted portion of the City of Escanaba for the fiscal year ending June 30, 1956, and to provide for the purpose of maintaining and providing for the City of Escanaba a municipal park, under the provisions of Act No. 230 of Public Acts of 1923, the following amount, viz: Five thousand thirty-nine and 89/100 (\$5,039.89) Dollars.

Section 107. That the Clerk of the City of Escanaba for the fiscal year ending June 30, 1956, and that the same shall be levied and collected upon the assessed valuation of all taxable property in the City of Escanaba in accordance with the provisions of the City Charter and the laws of the State of Michigan for the levying and collection of taxes for the fiscal year ending June 30, 1956, and that the same be forthwith certified by the Clerk of said City of Escanaba to the City Assessor of said City, and the same shall be levied and collected upon the assessed valuation of all taxable property in the City of Escanaba in accordance with the provisions of the City Charter and the laws of the State of Michigan for the levying and collection of taxes for the fiscal year ending June 30, 1956, and that the same be forthwith certified by the Clerk of said City of Escanaba to the City Assessor of said City, and the same shall be levied and collected upon the assessed valuation of all taxable property in the City of Escanaba in accordance with the provisions of the City Charter and the laws of the State of Michigan for the levying and collection of taxes for the fiscal year ending June 30, 1956, and that the same be forthwith certified by the Clerk of said City of Escanaba to the City Assessor of said City, and the same shall be levied and collected upon the assessed valuation of all taxable property in the City of Escanaba in accordance with the provisions of the City Charter and the laws of the State of Michigan for the levying and collection of taxes for the fiscal year ending June 30, 1956, and that the same be forthwith certified by the Clerk of said City of Escanaba to the City Assessor of said City, and the same shall be levied and collected upon the assessed valuation of all taxable property in the City of Escanaba in accordance with the provisions of the City Charter and the laws of the State of Michigan for the levying and collection of taxes for the fiscal year ending June 30, 1956, and that the same be forthwith certified by the Clerk of said City of Escanaba to the City Assessor of said City, and the same shall be levied and collected upon the assessed valuation of all taxable property in the City of Escanaba in accordance with the provisions of the City Charter and the laws of the State of Michigan for the levying and collection of taxes for the fiscal year ending June 30, 1956, and that the same be forthwith certified by the Clerk of said City of Escanaba to the City Assessor of said City, and the same shall be levied and collected upon the assessed valuation of all taxable property in the City of Escanaba in accordance with the provisions of the City Charter and the laws of the State of Michigan for the levying and collection of taxes for the fiscal year ending June 30, 1956, and that the same be forthwith certified by the Clerk of said City of Escanaba to the City Assessor of said City, and the same shall be levied and collected upon the With Roy Crandall

George T. Springer, former Gladstone resident now living in Minneapolis, Minn., is one of many fans wondering how close the Escanaba Eskimo baseball team is to a national record with its 43 straight wins. Fritz Gagner forwarded an item to us a year or so ago that told of a team out east that had won 50-some straight games, but nobody seems to be able to put their finger on the longest streak in the nation.

Did you know that there is no such thing as a sacrifice fly in softball. The authority for that statement comes from George Dickstein of Forest Hills, New York, official softball rules interpreter. That means that on a fly ball which scores a runner, the batter is charged with an official time at the plate.

Marshall Judson, former Escanaba High School athlete, was a big factor in Soo Tech's track victory in the Upper Peninsula Intercollegiate Athletic Conference meet at Marquette Friday. Judson scored points in four events, winning the 120 high hurdles, second in the shot put and javelin, and third in the discus. Marlin Buckmaster, former Stephenson star, won the broad jump for Tech.

Gladstone High School grabbed a large share of the athletic honors in the Upper Peninsula during the past school year. First of all Coach Don Pfothner's football Braves went undefeated through the Great Lakes season to claim sole possession of the grid crown. Then Coach Cappy Keil's basketball Braves repeated to win the GL cage title, marking the first time any conference school has won a double championship in the history of the league. And to cap the year, Keil's Gladstone golf team staged a stunning upset by beating out Bishop Baraga of Marquette for the Upper Peninsula Class C-D-E golf championship. Bishop Baraga had won the C-D-E links crown for the past five straight years.

Escanaba's high powered summer baseball program gets under way tomorrow night when the Jaycee Little League season opens at Royce Park at 6 with the Rotary and Kiwanis meeting in a double-header, Thursday evening the defending champion Lions will open against the St. Joe Boosters in a twin bill beginning at 6 at Royce.

In the absence of a regulation diamond all games will be played at Royce Park this year on Wednesday and Thursday evenings. City recreation director Art Peterson advised league officials that the diamond will be in top shape for Wednesday's opener and that an outfield line and ground rules will be substituted for the conventional Little League fence.

To the veteran small fry observer, the 1955 League will have better balance and is expected to be a more interesting race. Year after year league play follows the same pattern. No champion has

cris repeated, but the following year they have enough carry-over players to become a strong contender and then they drop off to a rebuilding program.

Such was the case three years ago when the championship Kiwanis finished second behind Rotary. Last year after losing Jack Lindquist, Jim Bourdeau, Ken Hamilton, and Marv Nault Rotary gave the champs their toughest competition and finished in second place.

Even with established stars like Rod Greenwood, Denny Hogan, Cris Fitzpatrick and Tom Nordin gone the Lions still have some top talent back in Barry Andrews, the 1954 leading hitter and home run Ward Thompson, Mike Nordin and king, Dale DeMars prize '34 rookie, E. Rosemurgy all three year veterans. Whether these boys can carry the team through to a second pennant is a matter of speculation, but precedent says they won't.

## Jaycee Little League Openers Set Wednesday

Garden-Fayette Blasts Perkins Team By 16-0

GARDEN—The Garden-Fayette baseball team slugged out a 16-0 victory over Perkins in Bay de Noc League action here Sunday.

Garden collected 15 hits off George Neuhrohn of the Perkins mound, including two homers by shortstop Kauthe and one by Swanson, third baseman.

Jack Morin tossed a four-hitter to notch the win for Garden-Fayette.

Villeneuve Winner Of Archery Tourney

Gary Villeneuve fired a 228 score to win first place in the first Red Buck Junior Archery club shoot Sunday at the new Ski Hill range.

Poor weather dropped the number of competitors down to 20, Terry DeRouin shot a 165 for second place and Steve King his 156 for third. All three received prizes.

The Senior Archery Club will hold a special business meeting at Club 314 this evening at 7:30 and all members are urged to attend.

Stock Car Races Delayed One Week

The opening of the stock car racing program scheduled for Wednesday night at the fairgrounds track has been postponed to Wednesday, June 8.

The postponement was necessary because the Escanaba Racing Association has not yet received its driver and liability insurance policies from its insurance company.

Escanaba Golf Club links will be available to golfers from throughout the district for play in the huge National Golf Day tournament this week.

The course will be open to the public on Thursday and Friday, with men, women and children invited to take part. Non-members of any of the clubs in the area will be required to pay a greens fee.

Members of the Escanaba Club will shoot their tournament rounds on Saturday, which is National Golf Day. Any golfers without an official handicap will be given one by a system especially made out for the tournament.

Third Annual

This is the third annual National Golf Day tournament conducted throughout the nation. It is expected to draw a peak attendance in competition.

This year there is even more interest among women golfers. They

# Loretto Edges Crusaders, 3 To 2, To Snare Tourney

Tourney Results

Quarterfinals

Holy Name, 8, Bergland 6

Loretto 3, Powers 0 (four innings)

Semifinals

Holy Name 9, Stephenson 3

Loretto 5, Neganuee 1

Finals

Loretto 3, Holy Name 2 (12 innings)

Soo Loretto tucked away the first annual Upper Peninsula Invitational tournament championship here Sunday afternoon by defeating Holy Name in a 12-inning thriller. Loretto won 3-2 in the 12th inning.

Each team scored a run in the sixth inning and again in the 11th to send the contest into the 12th tied 2-2. Holy Name failed to score in the top of the 12th and Loretto won the game.

Pitching Duel

John Berrigan of Holy Name and John Goetz of Loretto hooked up in a tight pitching duel. Berrigan scattered 11 hits, fanned 11 and didn't issue a walk in his 12 innings on the Crusader mound.

Goetz allowed seven hits, fanned 14, walked four and hit two to score in the top of the 12th and batsmen.

Escanaba Club Tops Gladstone

The Escanaba Golf Club defeated the Gladstone Club 15½ to 4½ with all matches except one foursome rained out after nine holes at Gladstone Saturday.

The only group to finish the 18 holes was Gerry McKenzie and Leo Vinje of Escanaba and Ed Parkhurst and Augie Altese of Gladstone. McKenzie beat Parkhurst 3-0 and Vinje edged out Altese 2-1.

Low gross scores for the day were fired by Tony Cass and Jim McNicoll of Escanaba with 39's and Cappy Keil of Gladstone with 42.

The win was the second match victory for Escanaba over Gladstone in two years. The clubs will meet again at Escanaba on Saturday, July 2.

In the Escanaba Club's men's foursome team event Monday, Harold Kelsey, Hilmer Johnson, Chuck Olsen and Gerry McKenzie came in first with a net of 127, 17 under par. Second were Jim Fitzharris, Bud Everett, Bob Kolb and John Lemmer with a net of 132, 12 under par.

Tied for third were Ray Taylor, Augie Gagner, Chet Morton and Clyde Lepusto and George Douglas, Bob Barron, George Eastin and Ollie Christiansen, both with net 133.

Low gross scores for the day were fired by Harry Hogan with 76, Jim Fitzharris with 79 and Wendell Green with 80.

## Niagara Beats Barks 5-1 In Tri County

NIAGARA—Joe Moreau fired a three-hitter here yesterday to turn back defending champion Barks River in a Tri County League clash. The Badgers collected seven hits off Bill Vincent to score a 5-1 victory.

Niagara scored two in the first and two in the second while the Barks were held scoreless until the ninth.

Coach Tom St. Germain's Crusaders advanced through the quarterfinals Saturday by coming from out of a 4-0 first inning hole to beat Bergland 8-6.

Berrigan came on in relief in the early innings to get the win over Bergland.

Beat Eagles 9-3

Sunday morning the Crusaders beat Stephenson 9-3 with Berrigan tossing the first two innings before stepping down for Don Trotter. Jim Greenwood stroked two doubles and Joe Juetten a double and a single to set the

Escanaba Club Tops Gladstone

The Escanaba Golf Club defeated the Gladstone Club 15½ to 4½ with all matches except one foursome rained out after nine holes at Gladstone Saturday.

The only group to finish the 18 holes was Gerry McKenzie and Leo Vinje of Escanaba and Ed Parkhurst and Augie Altese of Gladstone. McKenzie beat Parkhurst 3-0 and Vinje edged out Altese 2-1.

Low gross scores for the day were fired by Tony Cass and Jim McNicoll of Escanaba with 39's and Cappy Keil of Gladstone with 42.

The win was the second match victory for Escanaba over Gladstone in two years. The clubs will meet again at Escanaba on Saturday, July 2.

In the Escanaba Club's men's foursome team event Monday, Harold Kelsey, Hilmer Johnson, Chuck Olsen and Gerry McKenzie came in first with a net of 127, 17 under par. Second were Jim Fitzharris, Bud Everett, Bob Kolb and John Lemmer with a net of 132, 12 under par.

Tied for third were Ray Taylor, Augie Gagner, Chet Morton and Clyde Lepusto and George Douglas, Bob Barron, George Eastin and Ollie Christiansen, both with net 133.

Low gross scores for the day were fired by Harry Hogan with 76, Jim Fitzharris with 79 and Wendell Green with 80.

The Escanaba Golf Club defeated the Gladstone Club 15½ to 4½ with all matches except one foursome rained out after nine holes at Gladstone Saturday.

The only group to finish the 18 holes was Gerry McKenzie and Leo Vinje of Escanaba and Ed Parkhurst and Augie Altese of Gladstone. McKenzie beat Parkhurst 3-0 and Vinje edged out Altese 2-1.

Low gross scores for the day were fired by Tony Cass and Jim McNicoll of Escanaba with 39's and Cappy Keil of Gladstone with 42.

The win was the second match victory for Escanaba over Gladstone in two years. The clubs will meet again at Escanaba on Saturday, July 2.

In the Escanaba Club's men's foursome team event Monday, Harold Kelsey, Hilmer Johnson, Chuck Olsen and Gerry McKenzie came in first with a net of 127, 17 under par. Second were Jim Fitzharris, Bud Everett, Bob Kolb and John Lemmer with a net of 132, 12 under par.

Tied for third were Ray Taylor, Augie Gagner, Chet Morton and Clyde Lepusto and George Douglas, Bob Barron, George Eastin and Ollie Christiansen, both with net 133.

Low gross scores for the day were fired by Harry Hogan with 76, Jim Fitzharris with 79 and Wendell Green with 80.

Escanaba Club Open This Week For National Golf Day Firing

Escanaba Golf Club links will be available to golfers from throughout the district for play in the huge National Golf Day tournament this week.

The course will be open to the public on Thursday and Friday, with men, women and children invited to take part. Non-members of any of the clubs in the area will be required to pay a greens fee.

Members of the Escanaba Club will shoot their tournament rounds on Saturday, which is National Golf Day. Any golfers without an official handicap will be given one by a system especially made out for the tournament.

Third Annual

This is the third annual National Golf Day tournament conducted throughout the nation. It is expected to draw a peak attendance in competition.

This year there is even more interest among women golfers. They

# Speake Is One-Man Riot As Cubs Bomb Cardinals Twice

**By JOE REICHLER**  
**The Associated Press**  
Baseball's reserve corps—the unsung utility players—had their biggest day in the sun Monday.  
Such fill-ins as Bob Speake, George Crowe, Roy Smalley, Gene Stephens, Elmer Valo, Harry Simpson and Juan Delis made their managers glad they kept them around.  
Speake was a one-man riot as the sizzling Chicago Cubs bombed the St. Louis Cardinals twice in extra innings 9-5 and 4-3 for their

14th and 15th victories in the last 19 games.  
**Crowe Braves Star**  
Crowe's bat provided most of the fireworks as Milwaukee captured two hitting sprees from Cincinnati 7-6 and 8-4. Smalley was the big gun in Philadelphia's split with the New York Giants, after dropping the opener 6-5 the Phillies roared back to win the second game 3-1.  
The subs didn't get a chance as Brooklyn's regulars swept a double-header from Pittsburgh 8-4 and 8-3.

Utility outfielders Simpson and Valo led the Kansas City Athletics in a double-barreled triumph over Detroit 8-6 and 5-4. Washington beat New York 3-2 when Delis sent the tying run to third with a 10th inning single and scored the winning run on another single by pinch hitter Maury McDermott. The Yankees took the second game 5-3 on pinch hitter Irv Noren's two-run single in the seventh.  
**Two Splits**  
The other two American League twin bills also ended in splits. Bil-

ly Pierce pitched the Chicago White Sox to a 5-0 victory over Cleveland after the Indians massacred the Sox 9-1 on 16 hits in the opener. Baltimore defeated Boston 8-6 but the Red Sox bounced back with an 8-1 second-game victory.  
Speake, who batted only 264 with Des Moines in the Class A Western League, continued his sensational slugging. He hit his 10th homer of the season and the second of the day in the 11th inning to win the nightcap. His two-run homer in the ninth of the opener paved the way for Chicago's winning four-run rally in the 10th. Speake took over in the Cubs' outfield after Hank Sauer was injured.  
Crowe, substituting for the slumping Joe Adcock at first base, cracked an eighth-inning single to score Hank Aaron with the winning run in the first game. His three-run homer, his fourth since he got into the lineup, got the Braves off to a slugging start in the first inning of the nightcap.  
Smalley, filling in for the injured Granny Hamner at shortstop, homered in a losing cause for the Phillies. Willie two-run homer in the eighth, won for the Giants. Smalley's fifth-inning single drove in the Phillies' insurance run in the second game.

# Sweikert Earns \$75,000, Vukovich Dies In '500'

**By DALE BURGESS**  
**INDIANAPOLIS** — Curly-haired, boyish Bob Sweikert, of Indianapolis, will pick up a check of about \$75,000 at the 500-mile auto race victory dinner tonight and somebody will accept at least \$7,500 for Bill Vukovich's widow.  
Vukovich, an intense little Slovenian mechanic from Fresno, Calif., was driving in his fourth straight Memorial Day race when he died in a flaming wreck that took five cars out of the race Monday.  
He won 50 of the first 56 laps

before he died, at \$150 a lap.  
**Seven Cars Smashed**  
There were seven casualties in the bloodiest Memorial Day race since 1930. Seven cars smashed up in a single accident. The wrecks brought the winning speed down to 128.209 miles an hour, compared with Vukovich's record 130.84 set last year.  
Vuky had escaped injury late in the 1952 race when his steering failed and Troy Ruttman came on to win. He won in 1953 and 1954, and was going after the first three-in-a-row series in the Speedway's history.

Wait Faulkner, of Long Beach, Calif., long-time competitor against Vukovich, unknowingly pronounced his memorial before the race.  
"Vuky is the greatest race driver in this era," he said in a casual conversation. "You can beat him only if his car fails or he wrecks. You'll never beat the man."  
**Tremendous Duel**  
Monday's race started off as a tremendous duel between Vukovich and Jack McGrath, of Inglewood, Calif., the early leader in four of the last five Memorial Day classics.  
In spite of a gusty wind, the two veteran drivers fought for the lead as if they were in a dirt track sprint.  
McGrath, starting in the front row, won the first two laps. Vuky, starting in the second row, gradually took command and set a record of 136.212 miles an hour for the first 125 miles.  
McGrath's ignition system failed and he was through at 135 miles. Sweikert, Tony Bettenhauser of Tinley Park, Ill., Sam Hanks of Burbank, Calif., and 1954 national champion Jimmy Bryan of Phoenix were coming hard but not gaining on Vukovich when the big wreck happened with stunning suddenness.

**Driver Loses Control**  
Rodger Ward of Los Angeles lost control coming out of the southwest turn. Johnny Boyd, fellow townsman of Vukovich driving in his first 500, locked wheels with Al Keller, another Speedway rookie from Green Acres, Fla., and both cars flipped.  
Vukovich didn't have a chance. His Hopkins Special plowed into the wreckage and bounced end over end. It went over the wall, hit a safety patrol car and stopped upside down, in flames.  
Ed Elisian, of Oakland, Calif., a friend of Vuky, skidded his car into the infield and ran across the track in an effort to help. But the swarthy, nerveless little man was dead—probably before the car came to rest.  
Vukovich was 36. He turned to the big cars, and the big money, after winning the national midget racing championship in 1950. He led 486 of the last 800 laps raced at the Speedway.  
**Drove New Car**  
Ward escaped with a scraped nose. Injuries of Keller and Boyd also were relatively minor. Richard Wolfe suffered a fractured collarbone and Charles D. Mallender a broken ankle in the patrol car hit by one of Vukovich's wheels.  
Driver Cal Niday, 39, of Pacoima, Calif., also was injured severely when his car hit the wall on the northwest turn, late in the race. He suffered burns, concussion and fractured ribs.  
Sweikert drove a brand-new Kurtis-Kraft owned by John Zink, of Tulsa, Okla. He was unchallenged the last 100 miles while Bettenhausen and Pat O'Connor, of North Vernon, Ind., fought a spirited battle for second place. O'Connor's fuel line broke and he finished eighth.  
Jimmy Davies, Pacoima, Calif., finished third and Johnny Thompson, Springfield, Mass., fourth.

# Tigers Throw Away Two Games To Kansas City

**By JOE FALLS**  
**DETROIT** — Buckey Harris dressed slowly, carefully, quietly, as though it was a chore — which it probably was after five arduous hours of baseball in damp chill of Briggs Stadium, with nothing more to show for the long day's work than two losses to the lowly Kansas City A's.  
The manager of the Tigers wasn't very talkative after Monday's two holiday beatings by the A's, 8-6 and 5-4, the second game going 11 innings.  
But, then, what could Harris say?

**Give Away Runs**  
He had seen his patched-up lineup of substitutes and rookies give away runs after run, while his veteran players — Ray Boone, Harvey Kuenn and Steve Gromek, the "money" men — sat by in the dugout, unable to play because of injuries.  
Both Kuenn and Boone were able to pinch hit — but nothing more. Even in their brief appearances, they almost salvaged the second game for the tumbling Tigers, who now have dropped four in a row for their longest losing streak.  
Boone pinch-hit in the fifth inning and tied the score 3-3 with a looping single to center. Then Kuenn, barely able to run, stroked a pinch-hit single in the eighth to again tie the score, this time 4-4.  
**Win In 11th**  
But three innings later, in the 11th, the A's completed the first sweep of their brief history in the American League by pushing across a run on a double by Elmer Valo and a single by Gus Zernial, both off losing pitcher George Zuverink.  
Earlier, Harris had seen his starting pitcher, Duke Maas, give up two runs in the first inning by walking Jim Finigan and Jack Littrell with the bases loaded. Then the youngster from Utica, Mich., gave the A's another run in the fifth when he walked Vic Power with the bases loaded again.  
In the first game, Harris watched helplessly as another rookie Frank Lary, threw the game away with one bad toss—to first base.  
With the bases filled in the second inning, Zernial hit a slow roller down the first base line. Lary picked the ball up and tried to lob it over Zernial's head to first baseman Ferris Fain.

**Three Runs Score**  
His aim was faulty. The ball went wild and rolled into the bullpen. By the time rightfielder Al Kaline was able to retrieve it, Power, Hector Lopez and Enos Slaughter all had scored.  
As Harris finished dressing and prepared to leave the locker room, he finally said:  
"Kuenn, Boone and Gromek can't get back soon enough."  
Boone says he'll be ready to play against Washington this Wednesday. Gromek says he'll be ready Thursday. But Kuenn's leg still bothers him and it's not known when he'll be ready for fulltime duty.

**Williams Gets Homer**  
Cal Abrams, used in right field in place of Gil Coan, scored three runs in Baltimore's 8-6 victory over Boston. Ted Williams' hit his first home run of the season. Stephens, who took over left field when Williams was rested in the second game, walked a double and triple, driving in four runs to back up a four-hit pitching job by Ike DeLoach.  
Pitcher Don Newcombe turned slugger, pounding out two home runs and a single while striking out nine Pirates. He chalked up his eighth victory without a defeat. Russ Meyer, with the help of Roy Campanella's three-run homer, won his third game in the opener. Campanella also homered in the nightcap, his 11th of the year, to drive in his 44th run, highest total in the majors.

## Major League Leaders

**By The Associated Press**  
**AMERICAN LEAGUE**  
Batting (based on 100 at bats)—Kuenn, Detroit, .379; Kaline, Detroit, .367.  
Runs — Mantle, New York, 48; Bauer, New York, 40.  
Runs batted in — Berra, New York, 38; Jensen, Boston and Mantle, New York, 35.  
Hits — Kaline, Detroit, 61; Kuenn, Detroit, 58.  
Doubles — Jensen of Boston, Smith of Cleveland and Finigan of Kansas City, 12.  
Triples — Mantle, New York, 5; Stephens of Boston, Fox of Chicago and Kaline of Detroit, 4.  
Home runs — Zernial, Kansas City, 12; Berra and Mantle, New York, 11.  
Stolen bases — Rivera and Minocha, Chicago, 6.  
Pitching (based on 3 decisions)—Aber, Detroit, 3-0; Ford, New York, 6-1, 857.  
Strikeouts — Turley, New York, 84; Score, Cleveland, 82.  
**NATIONAL LEAGUE**  
Batting (based on 100 at bats)—Ashburn, Philadelphia, .383; Mueller, New York, .363.  
Runs — Snider, Brooklyn, 37; Gilliam, Brooklyn and Aaron, Milwaukee, 35.  
Runs batted in — Campanella, Brooklyn, 44; Snider, Brooklyn, 42.  
Hits — Mueller, New York, 62; Aaron, Milwaukee, 56.  
Doubles — Campanella, Amoros and Hodges of Brooklyn, Ashburn of Philadelphia, Clemente of Pittsburgh and Repulski of St. Louis, 11.  
Triples — Mays, New York, 6; Baker and Fondy, Chicago, and Aaron, Milwaukee, 5.  
Home runs — Kluszewski, Cincinnati, 13; Snider and Campanella, Brooklyn, and Mays, New York, 12.  
Stolen bases — Gilliam, Brooklyn, 8; Boyer, St. Louis, 7.  
Pitching (based on 3 decisions)—Newcombe, Brooklyn, 8-0; Jeffcoat, Chicago, 6-0.  
Strikeouts — Jones, Chicago, 62; Conley, Milwaukee, 57.

## Hungary Looms As Track Power

**LONDON (AP)**—Hungary loomed today as a track power to be feared in the 1956 Olympic Games at Melbourne on the heels of two amazing races in three days.  
Sandor Iharos, too sick to run Saturday when Laszlo Tabori and two Britons ran a mile in under four minutes, showed what he could do Monday when he sliced a full seven seconds off the world two-mile record. He ran an amazing 8 minutes 33.4 seconds in an international track and field meet at White City Stadium.  
Iharos, a 25-year-old army lieutenant with 132 pounds spread thinly on a 5 feet 11 inch frame, had to go all out to shake off a grim British pursuer, Ken Wood. The latter, a 24-year-old clerk, finished 5 yards behind in 8:34.8. He, too, was well under the world mark of 8:40.4, set by Gaston Reiff of Belgium in 1952.  
Tabori two days earlier had startled the track world with a 3:59 performance, one second over John Landy's world record, in winning the first male race in history in which three men bettered the four-minute mark.  
Tabori ran in the two miles Monday, mainly as a pacemaker for Iharos, and dropped out after taking his countryman to the mile and one half mark in 6:31.2.

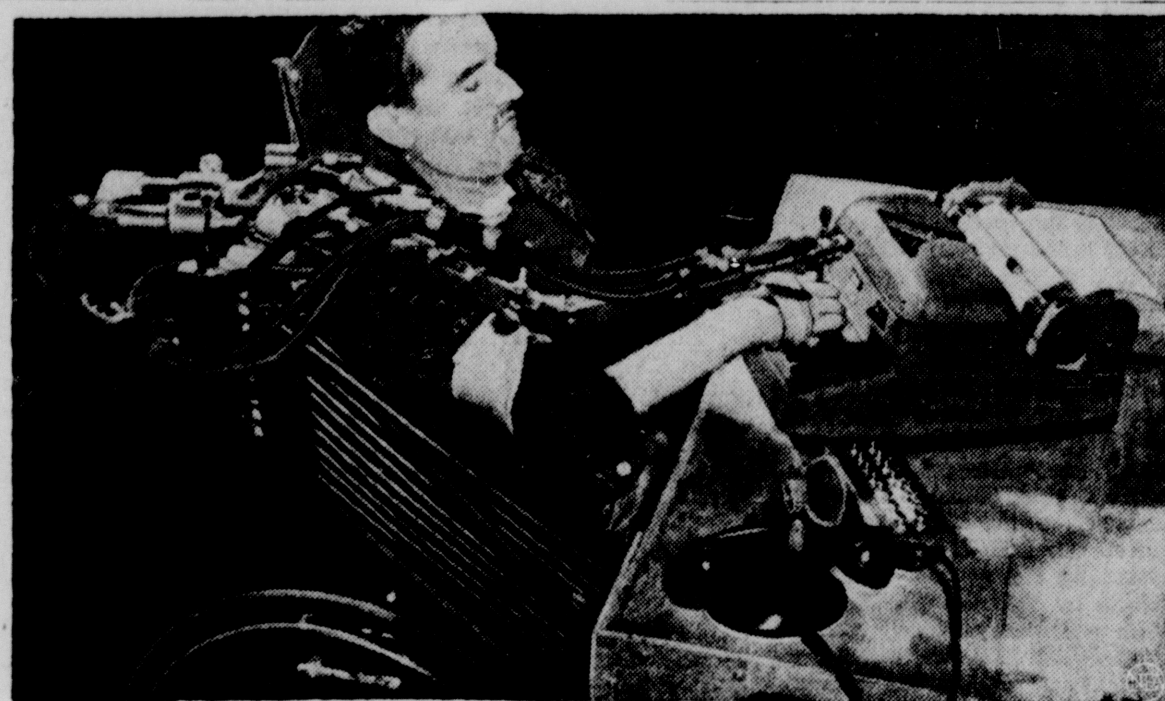

## Flyweight Champ Defends Crown

**TOYO (AP)**—Pascual Perez' next defense of his world flyweight boxing title may be against Welshman Dai Dower in London... "if the price is right."  
Perez, 29, said any decision on his next opponent would be made after he returns home to Buenos Aires.  
He successfully defended his title here Monday night with a fifth round knockout of Yoshio Shirai. That bit tied the 32-year-old Japanese ex-champion into retirement.  
Perez weighed 108½, Shirai 111½.  
It was Perez first defense of the crown he won from Shirai here on a 15-round decision last November.  
The Argentine knocked the listless Shirai down at 30 seconds of the first round and four times more thereafter.  
Shirai, who held the championship 2½ years, announced his retirement.

## Sports Briefs

**BATTLE CREEK** — Kalamazoo and Battle Creek clash Thursday for the Class A High School baseball championship.

# GLADSTONE

**ANOTHER AID TO THE PARALYZED**—Mary Pulliam, completely paralyzed polio victim from Los Angeles, Calif., uses his "substitute arm" which enables him to use an electric typewriter, feed himself, drink from a glass and do other things previously impossible. Friends at North

American Aviation worked eight months on the project with the approval of management. The device, called a "Sabre Arm," is hydraulically operated and soon will be offered for manufacture on a nonprofit basis so that others may benefit from it.

## Liberty Threatened Says Memorial Day Speaker

American liberty is threatened both from within and without, Lt. Col. George J. Cameron, Staff Chaplain, Western Air Defense Force, told listeners in an address during Memorial services Monday at Fernwood Cemetery.  
The first threat is the most difficult to put a finger on for we are reluctant to admit its presence, the speaker said. Difficult as it is to recognize, we see it in others more readily than in ourselves. This is selfishness.  
"Freedom — liberty is everybody's concern. It is likewise everybody's right. We cannot claim for ourselves what we would deny others. When we deny opportunity to others because of racial or religious prejudices, we are, with our selfishness, creating a breeding ground for the forces that would bring about internal disintegration and thus rob us of our liberty."

Our only defense against this threat of communism is a citizenry possessed of moral fiber, endowed with the spirit of liberty, determined to maintain an adequate and strong national defense and eternal vigilance against encroachment upon our freedom and national sovereignty, Col. Cameron declared.  
One measure taken by our government to combat this threat of Communism was the establishment of a strong military force whose mission is to defend the United States against air attack. All of the Air Defense capacity of the services: Air Force, Army, Navy, Marine Corps — were under one management and called the Continental Air Defense Command.

## Seniors To Have Banquet Tonight

The annual banquet of the Senior Class of Gladstone High School will be held tonight at 6:30 at Terrace Gardens.  
Speaker of the evening will be Lt. Col. George J. Cameron, Novato, Calif. Staff Chaplain, Western Air Defense Force, who is in Gladstone for several weeks on "Operation Home Town."  
Jim Sundalius, class president, will be toastmaster and there will be several musical numbers on the program along with some novel entertainment.

**Briefly Told**  
**Guild Meeting** — A business meeting of All Saints Guild will be held at 2:30 Wednesday afternoon in the parish hall.

**City Briefs**  
Mrs. B. D. Kuhn of East Lansing visited over the holiday weekend with her brother and sister-in-law, Dr. and Mrs. B. H. Skellenger.  
Miss Beatrice Brusoe of Milwaukee visited over Memorial Day with her parents, Mr. and Mrs. A. Brusoe.

## City Briefs

Mr. and Mrs. William LaCroix, 1424 Michigan Ave. and Mr. and Mrs. John Schram, 1623 Michigan Ave., returned last night from lower Michigan where they spent the holidays with Mr. and Mrs. Ray Gortitz at Brighton and Mr. and Mrs. J. W. Norby at Saline.  
Henry Gringass, Gladstone, and Mr. and Mrs. Fred Pastori of Racine visited over the holiday weekend with the Edward Foy family at Marquette.  
George Mathison and Richard Olson have returned to Milwaukee after spending the Memorial Day weekend at their parental homes.  
Miss Shirley Martin has returned to Milwaukee after visiting here with her parents over the Memorial Day weekend.

# Plan To Extend Capitol's East Front Gains Impetus

WASHINGTON—After 32 years without major architectural changes, the United States Capitol may be enlarged to provide Congressmen more space and its famed dome a more graceful setting.

If recommendations by President Eisenhower and the House of Representatives materialize, the building's central east front will be extended perhaps 40 feet, the National Geographic Society says. The extension would add some 42 offices, two large hearing rooms and another restaurant to the presently cramped quarters. The plan is to harmonize the central front with the projecting Senate and House wings. The dome would lose the appearance of overhanging the pillared east portico. During a 1935 hearing on extending the building a legislator likened the landmark dome to a derby hat with a crown overhanging the brim.

**Plan Is Old**  
In the early 1860's the Capitol architect called extension of the building's central front an "architectural necessity." In 1905 a 40-foot extension was suggested. This plan was mentioned by Mr. Eisenhower in discussing the present proposal. Visitors to the Capitol may view a glass-enclosed model made in 1903-04 to illustrate revamping of the portico. Through the years, advocates of aligning the east center and the wings have contended that the Capitol as it stands is incomplete. Opponents have wanted the building to remain unchanged as a historical monument.

The massive structure arose from George Washington's wish for a Capitol embodying "grandeur, simplicity and convenience." Its amateur architect was Dr. William Thornton, a physician by training. His plan was entered in the Capitol competition of 1792 and earned him \$500 and a city lot. Washington and the master architect, Thomas Jefferson (designer of Monticello, the University of Virginia and the Virginia State Capitol) contributed broad influences.

Washington laid the cornerstone in 1793 against a backdrop of bands and booming cannon. The assemblage feasted on barbecued ox.

The Capitol rose by bits and

starts. During an early phase two units were joined by a rude wooden walkway. Well-patronized public springs lay in the open space. After the structure was burned in the War of 1812, a connecting routunda was added, displaying a low copper-covered dome.

**A City Of Itself**  
Senate and House chambers became barracks for some of the Union's first volunteer troops in the Civil War. The basement housed flour brought from endangered Georgetown bakeries. Overhead, meanwhile, workmen erected the new high dome. Its dominating Statue of Freedom created by Thomas Crawford in Rome was ceremoniously placed on top in late 1863. The witnessing through then viewed the Capitol as it appears today.

The 9,000,000-pound "overhanging dome" consists of two cast-iron shells, one within the other to permit expansion and contraction. Its surface is refreshed every four years by 1,000 gallons of paint.

Beneath the dome extend 14 acres of floor space, enriched by murals and statuary. Along the Capitol's miles of corridors are some 435 rooms, as well as restaurants and kitchens, carpenter, stationery and barber shops, ticket and banking offices, a dispensary and physician's quarters. Outside stretch 131 acres—the "Hill" of newspaper headlines.

## Stephenson

**Altar Boys' Pledge**  
Stephenson—in the Church of the Precious Blood Wednesday evening, 24 boys of the parish who, as altar boys, are members of the Knights of the Altar, assembled before the May Altar at the beginning of the services. With David Rivard, a member of the 1955 graduation class of Stephenson High School and senior altar boy, as their leader, they repeated the pledge of Knights of the Altar and an act of consecration to the Blessed Virgin Mary.

At the conclusion of the usual May Devotions, the altar boys assembled in the sanctuary of the church before the main altar. John Schultz, son of Mr. and Mrs.

## THE USE OF AN ENTRY

A FAIRLY comprehensive test of a player's skill might be based on one simple point: the use he makes of the lone entry that may be in dummy. Here's an illustration:

North dealer.  
North-South vulnerable and 30 on score.

♠ K J 10 7  
 ♥ 10 8 6 5  
 ♦ A 4 3  
 ♣ 9 6  
 ♠ Q 8 6 2  
 ♥ K J 9 4  
 ♦ 3  
 ♣ 8 5 2  
 ♠ A 9 5 4 3  
 ♥ A  
 ♦ Q 10 7  
 ♣ K J 10 5  
 ♠ Q 12  
 ♥ K J 9 6  
 ♦ A Q 8 4 3 2

The bidding:  
North East South West  
Pass 1 ♣ 2 ♣  
2 NT Pass Pass 3 ♣  
Pass Pass 4 ♣  
Pass Dble. (final bid)

It is difficult to follow the workings of North's mind, to grasp now he could have steeled himself to bid two notrump over West's two hearts and yet could not "get up a double" of East's three spades. When North declined to double that call, South got the impression that most of North's values lay outside of the spade suit, and so South ventured to four clubs.

West opened the spade deuce and dummy's ten forced East's ace. South ruffed, crossed over to the diamond ace, discarded a heart on the spade king, and then led the low trump. East put in the ten. South won with the queen, cashed the club ace and threw East in with a trump. The net result of all this, however, was that South lost six tricks and suffered a 500-point penalty.

South was in far too great a hurry to get rid of a heart. The diamond ace should have been reserved for a better purpose—to take a diamond finesse to the jack. On the highly informative bidding, it was odds-on that West had five hearts but that he didn't have both top honors, so East was marked with the blank ace or possibly the blank king. Thus the right plan was to finesse diamonds without cashing the spade king, then to lay down the diamond king (thus stripping East of that suit) and to lead a low heart from the South hand, throwing East in. East's best return is a club honor. South takes the finesse, cashes the trump ace, and leads the trump deuce. East would have been wise to throw an honor on declarer's trump ace, then to get off lead by returning the five-spot, but South can decline this gift—he can keep East in by under-playing the club five, and East must then lead up to dummy's spades, letting South throw off both of his remaining hearts.

## Plan To Extend Capitol's East Front Gains Impetus

WASHINGTON—After 92 years without major architectural changes, the United States Capitol may be enlarged to provide Congressmen more space and its famed dome a more graceful setting.

If recommendations by President Eisenhower and the House of Representatives materialize, the building's central east front will be extended perhaps 40 feet, the National Geographic Society says.

The extension would add some 42 offices, two large hearing rooms and another restaurant to the presently cramped quarters. The plan is to harmonize the central front with the projecting Senate and House wings. The dome would lose the appearance of overhanging the pillared east portico. During a 1935 hearing on extending the building, a legislator likened the landmark dome to a derby hat with a crown overhanging the brim.

### Plan Is Old

In the early 1860's the Capitol architect called extension of the building's central front an "architectural necessity." In 1905 a 40-foot extension was suggested. This plan was mentioned by Mr. Eisenhower in discussing the present proposal. Visitors to the Capitol may view a glass-enclosed model made in 1903-04 to illustrate revamping of the portico.

Through the years, advocates of aligning the east center and the wings have contended that the Capitol as it stands is incomplete. Opponents have wanted the building to remain unchanged as a historical monument.

The massive structure arose from George Washington's wish for a Capitol embodying "grandeur, simplicity and convenience." Its amateur architect was Dr. William Thornton, a physician by training. His plan was entered in the Capitol competition of 1792 and earned him \$500 and a city lot. Washington and the master architect, Thomas Jefferson (designer of Monticello, the University of Virginia and the Virginia State Capitol) contributed broad influences.

Washington laid the cornerstone in 1793 against a backdrop of bands and booming cannon. The assemblage feasted on barbecued ox.

The Capitol rose by bits and

starts. During an early phase two units were joined by a rude wooden walkway. Well-patronized public springs lay in the open space. After the structure was burned in the War of 1812, a connecting routunda was added, displaying a low copper-covered dome.

### A City Of Itself

Senate and House chambers became barracks for some of the Union's first volunteer troops in the Civil War. The basement housed flour brought from endangered Georgetown bakeries. Overhead, meanwhile, workmen erected the new high dome. Its dominating Statue of Freedom in Rome was ceremoniously placed on top in late 1863. The witnessing through then viewed the Capitol as it appears today.

The 9,000,000-pound "overhanging dome" consists of two cast-iron shells, one within the other to permit expansion and contraction. Its surface is refreshed every four years by 1,000 gallons of paint.

Beneath the dome extend 14 acres of floor space, enriched by murals and statuary. Along the Capitol's miles of corridors are some 435 rooms, as well as restaurants and kitchens, carpenter, stationery and barber shops, ticket and banking offices, a dispensary and physician's quarters. Outside stretch 131 acres—the "Hill" of newspaper headlines.
